- **Cardstock:** Lost Lagoon (133679), Basic White (159276), Gold Foil Sheets (132622)
- **Tools & Accessories:** Take Your Pick (144107), Bone Folder (102300), Paper Trimmer (152392), Simply Scored Scoring Tool (122334), Multipurpose Liquid Glue (110755), Paper Snips Scissors (103579), Tear & Tape Adhesive (154031)

Measurements:

- Lost Lagoon cardstock: 1" x 7", scored at 3 ½" and 5 5/8"
- Basic White cardstock: ¾" x 3 ¼", ¾" x 1 ¾", ¾" x 1 1/8"
- Gold Foil sheets: 1/8" x 4", to be trimmed

Instructions:

- There are two styles of card bases that come in the kit. One has a blue water-colored pattern on the front. The other has a flowery design on the front and the back.
- Use one of the card bases, the one with the blue water-colored pattern on the front, to create the card base. Score the side with the blue water-colored pattern at 2 1/8". Burnish the score line and the already scored center of the card base into a "Z" shape for the card base. Reference the pictured card.
- Use the other style of card base, the one with the flowery design on the front and on the back, to decorate the inside back of the card. Cut the card base in half. Use the half that has the thin gold frame. Carefully trim the piece to 4" x 5 1/4". The thin gold frame will still be visible. Use the stamp set and ink spot from the kit to add the dark accents to the flowers. Adhere the piece to the back inside of the card base.
- Burnish the scored lines on the 1" x 7" piece of Lost Lagoon cardstock. Create a second "Z" from the piece, as pictured.
- Adhere the second "Z" piece to the card base. First, adhere the small end that attaches to the inside back of the card. Then, adhere the larger part to the front of the card. Be careful to only put liquid glue on the parts that will adhere to the card base.
- If desired, prep the small pieces of Basic White cardstock to be added to the sections of the second "Z" piece. Add a thin piece of Gold Foil sheet to the middle of the 3/4" x 1 3/4" and the 3/4" x 1 1/8" pieces of Basic White cardstock. Trim the foil.
- Add one of the cut Basic White cardstock pieces to the center of each of the sections of the second "Z" piece.
- The kit has punch out flowers and gold foliage accents.
- Choose the punch out pieces for decoration. They will need to be cut to size to fit. Use the stamp set and ink spot to add the dark accents to the flowers. Tack the punch out pieces on front section of the second "Z" piece, allowing them to go over the top and the bottom. Use a piece of tape to keep them in place.
- Add a piece of Tear & Tape adhesive across the first section of the second "Z" piece. Adhere a piece of the white ribbon from the kit on top of the Tear & Tape. Trim the edges of the ribbon.
- The kit has two different styles of punch outs for the sentiment. There are also a variety of sentiment stamps in the kit. Choose the punch out and sentiment for the card.
- Use the ink spot to stamp your choice of sentiment on the punch out. Use dimensionals from the kit to add your sentiment on the first section of the second "Z" piece, as pictured.
- To embellish the card, add a few of the adhesive gems from the kit.
