

# LG styler™ Steam Clothing Care

## The Smart Wardrobe – Hygiene in Style

Your Personal Fabric Refresher, Sanitiser, Steamer

### Moving Hanger

LG patented Moving Hanger is powerful in dust removal which removes 99% of fine dusts certified by Intertek for better steam penetration with low noise operation at 41dB and 200 vibrations per minute.

### LG TrueSteam™

Without any chemicals, TrueSteam™ employed in LG Styler™ is able to effectively kill germs by heating water to 100°C and using the steam to eliminate bacteria and allergens from pet hairs, dead skin cells and mold in clothes, bedding, sportswear and even children's plush toys. LG's TrueSteam™ not only removes 99.9% of allergens but also the residue left by dead allergens.

### Gentle Dry

Without direct heating and tumbling, LG Styler™ Gentle Dry feature provides indirect drying by lower heat from a heat pump system to avoid clothes damage.

## Users' Insights

“ My wife and I are working parents, so we don't have much time to do laundry or clothes sanitation. After using LG Styler™, I find that it is effective in sanitising the clothes and belongings of my family members, like face mask, cap, suit jacket, etc., that I sanitise them easily with the device after returning home from work. ”

Mr. Chung, married with 2 kids

“ I love this device very much that it eases my burden to sanitise the bedding and my kids' flush toys thoroughly and conveniently. As my daughter has mild dust mite allergy, so I have to make sure all the stuff my kids use and the toys they play with are hygienic and safe from the allergy sources. ”

Mrs. Liaw, married with 2 kids
