

Rockland School District

Winter Sports Plan 20-21

- As stated in the Governor's order indoor gatherings need to be limited to 50 spectators while in Stage 3 of the Reopening plan.
- The 50 available seats will be distributed equally among the student athletes and coaches on that team.
- Players will have until the morning of gameday to get spectator names added to the guest list. That list will be used to determine who is admitted for that game.
- Players can choose different spectators to fill the seats they are allocated each night if they desire.
- Players can donate their seat to a fellow player for a specific game if they choose to.
- Social distancing by family is required. Face coverings are strongly encouraged.
- We will do our best to provide streams of as many games as possible.
- Community use of the weight room while sporting events and practices are taking place is prohibited while Idaho is in Stage Three.
