Causing You Pain?

Get Relief with Christian Brothers Services!

Since 1977, Christian Brothers Services (CBS) has worked with Catholic organizations and dioceses designing and administering comprehensive, cost-effective employee health and wellness benefits with ease.

The Christian Brothers Employee Benefit Trust is a nonprofit church plan designed exclusively for the interest of the Catholic Church, and is sensitive to the unique needs of Catholic employers.

We serve a variety of clients such as schools and universities, parishes, dioceses, volunteer organizations, charitable organizations, thrift stores and nursing homes. We offer a wide selection of medical, dental and vision plans, as well as other ancillary products to meet the individual needs of each organization.
