One of our talented committee members recently created an informative and beautiful website (see photo above). Please visit it and share your support by sending us a note through the **SEND A NOTE** link. (GLEN GRAUER PHOTO on website).

IN THIS ISSUE

[A New Website](#)

Our hardworking committee developed a new website!

[One Step Closer](#)

An anonymous donor has stepped in to help reach our goal.

[We Need Your Support](#)

The June ballot is our goal.

[The Harpswell Neck Library Committee is Hard at Work and We Need Your Support](#)

We have new members joining us every month and all are eager to bring our Harpswell Neck library back to town.

We envision a close-to-home space where we can share books, create events and educational programs for all ages, and celebrate the community we live in. Our collection of books, DVDs, and puzzles are in storage thanks to our volunteers.

We are currently gathering support to convince the town to allow us to use the currently unused administration building at Mitchell Field. With the help of an anonymous donor, the building would be renovated and refurbished to house a library, a non-profit hub for other local nonprofit agencies to work and gather, and create a community center for our residents to enjoy educational events and activities. The best part? We do not need financial funding from the town thanks to the donor!

Please contact our town selectmembers to let them know you support this plan to get this measure onto the June ballot.

We know that our local families, residents, and visitors to the Neck will appreciate the activities and programs we plan to offer through our wide network of volunteers at the library.

[One Step Closer](#)

We are one step closer to creating a library, a nonprofit hub, and community center on the Neck.

An anonymous donor is gifting the Town of Harpswell the funds to renovate and repurpose the administration building at Mitchell Field for the use of a library, a nonprofit hub, and community center. For this gift to be realized, we will need town and community support. We hope to see the measure on the upcoming 2023 June ballot and for you to help support this exciting goal for our community. Stay tuned for more information. (STACIA CHAPMAN PHOTO)

The Harpswell Neck Library committee is eager to hear your ideas for engaging programs to be held at our future library. **Please visit our new website and Facebook page (Harpwell Neck Library Association) to share your ideas with us.**
