

Kelp and Community Evenings

Discover the forest beneath the sea and how we can bring it back

Join us for a FREE evening of:

Underwater stories

Hear from renowned Melbourne-based underwater cinematographer, Jarrod Boord, sharing his story of filming in Giant Kelp forests.

Restoration in action

Learn from global marine restoration experts about how we can bring these incredible underwater forests back from the brink of extinction.

Our local kelp comeback

Discover how Island Kelp Recovery is planning to bring Giant Kelp forests back to Phillip Island and the Bass Coast - and **how you can be part of the action.**
