Please note the 2 PM starting time. This allows time for NorCal’s very important Annual Meeting, which is required by law. Your attendance is needed to provide a quorum in order to elect Board Members and to conduct any other business that may be brought forward. Nominations for the Board are Fay Cooley, Tom Madsen, and Neal Wood.

Your participation in the business decisions is necessary to keep NorCal TOS the vital and functioning Chapter we all love.

Before the business meeting we will have David Hegarty as our artist. To call David a talented Theatre Organ Artist would be missing half the story. Yes, he is a talented Theatre Organ artist as attested by his many fans at the Castro Theatre. David has been playing at the Castro since 1978, well BEFORE the Taylor Family installed the wonderful all Wurlitzer organ.

David also plays regularly at the Stanford Theatre, and does a Pops Concert at the Palace of the Legion of Honor the first weekend of every month. At the Legion of Honor, he plays the Speckles Memorial 4/63 Skinner organ (which includes a full array of percussions normally found only on theatre organs.) Film music and light orchestral pieces are among his offerings.

However, he is also an accomplished Classical Organist, and a fluent arranger, with an emphasis on Church Hymns.

One of his specialties is the orientation of Classical organists to the idiosyncrasies of the theatre organ, including its registrational and stylistic differences.

While he is well known locally, his resume includes the Kennedy Center in Washington, D.C., the Crystal Cathedral, Davies Symphony Hall, and for Prudential Lines South American Cruises.

Still more diverse is the CD he and Kenrick Mervine of Denver, CO produced. Called Phantastic!, it is ‘Symphonic Impressions for Two Organs and Virtual Orchestra’. In other words, he and Kenrick perform at two Allen Organs – one classical and the other a theatre style organ; or one Allen and one pipe organ.

While there is no formal plan for dinner after David Hegarty’s concert, a number of NorCal members do plan to go to Café Venezia for dinner, and any members who wish to be part of that group should talk to Frank or Jan La Fetra before the concert, at the intermission, or at the Annual Meeting.

This will be a social event, so do plan to bring your spouse or a friend. Frank has made a tentative reservation after a discussion of this at the last Board meeting. It will help him and Café Venezia to have a better early head count. Café Venezia serves excellent Italian food at reasonable prices for the quality and is located at 1799 University Ave, Berkeley. FREE parking next door.

David Hegarty
NorCal CONCERT + Members Annual Meeting
Sunday, January 23rd, 2011 at 2:00 PM

Finally, David is a composer and arranger, working with Lorenz Publishing Company and other well known publishing companies.

This concert will be one of a kind, and should not be missed.

Members of Nor-Cal were treated to a triple-star concert performed by the very gifted Mark Herman as he commanded the NorCal Berkeley Community Theatre Wurlitzer on Sunday, November 7th, 2010.

Many concert reviews are hard to wade through with their endless clever descriptions of how the Tibias “flowed like a spring rain upon the subjects seated out there in the dark.” Really, it is impossible to impart and really share the sonic experience of having attended a live concert because the transfer of information from sonic to visual leaves out many important elements of the concert experience. In an effort to present a review that is in keeping with the popular Green Movement, we shall attempt to conserve valued pine trees by listing all of the twenty-four stellar offerings by Mark, with poignant observations and not a play by play description of Mark’s racing about the two consoles.

Following Bill Schlotter’s greeting Mark’s zesty “riser tune” was “LOVE”, from the creative minds of Blaine and Martin, who also wrote Meet Me In St. Louis.

YOUR’RE BLASÉ was a tune Mark first heard on an early Buddy Cole recording. His phrasing provided the ‘vocalist’ with time to breathe, indicating his respect for the lyrics. The registration featured the beautiful Tromba voice, which reminded the listeners of George Wright’s use of the Style D Trumpet on his Pasadena studio organ.

HONEYBUN is from Rodgers and Hammerstein’s masterpiece South Pacific, Mark moved to the elegant Toledo console. This upbeat version proved to be a perfect ‘buzzy sound’ piece, punctuated with bites from the brass and it was not a copy of the famed Wright recording.

ON A LITTLE STREET IN SINGAPORE This arrangement was truly inspired by George Wright’s performance on his nightly radio show in the early 1960s. One of George’s favorite combinations for ‘eastern flavor’ was the use of the 16’ Clarinet and 2’ 15th off the VDO, without tremulants. It is just great some of the legendary combinations are still being passed down from generation to generation in new and inventive offerings.

JULE STYNE Medley—the great Broadway composer who gave us Funny Girl and Gypsy. Included were SOME PEOPLE was a somewhat shortened version of that offered on Mark’s new CD with a beautifully crafted transition into — SATURDAY IS THE LONeliEST NIght Of THe Week, where you could clearly hear Frank Sinatra stumping out his cigarette to the beat of Riddle’s orchestra.

PEOPLE seemed to capture even Barbara Streisand’s profile, where her distinctive phrasing was under Mark’s fingers.

EVERTHINGS COMING Up ROSES allowed the Mighty Wurlitzer to nearly equal Ethel Merman’s ‘brass’.

I KNOW WHY by Harry Warren afforded Mark to use lighter and more transparent registrations, which reach the patrons with refreshing clarity.

POWERHOUSE by Raymond Scott seemed to depict a herd of elephants trying to imitate Fred Astaire, but sweet.

I GOT IT BAD AND THAT AIN’T GOOD with music by Duke Ellington and lyrics by Paul Francis Webster nearly took the listener back to the Cotton Club as Mark captured the spirit of the smoke filled room.

PETITE WALTZ with music by Joe Heyne and lyrics by Edward Ellington and Phyllis Claire required articulate manipulation of the unit orchestra.

VANNESSA followed the social chit-chat during the brief intermission.

With one’s eyes closed it was not hard to feel the members were seated in Radio City, with the gifted Ashley Miller at the grand organ.

LITTLE GIRL BLUE proved to open the emotional floodgates for some guests. Mark knew this was a favorite of some old organ tuner.
POPS CONCERT AT IRONSTONE

The Sierra and NorCal chapters and Ironstone Vineyards present a buffet lunch and concert at Ironstone Vineyards in Murphys. The concert will feature Chris Gorsuch at the Mighty Morton formerly in the Sacramento Alhambra Theater. Tickets go on sale January 1 and cost $39. Last year’s event sold out early, so don’t wait until the last minute to get your tickets.

This is the second year where a single concert will be performed instead of two venues many miles apart. Reaction last year was positive about this change which cuts so much travel time and makes a pleasant one day outing.

Tickets can be ordered through Neal Wood at 415-861-7082 or by email at: nealwood@pacbell.net

NOTICE

No one should come in the Stage Door except the Stage Crew or others with business there.

Happy New Year. I hope you will be able to fulfill all your New Year’s resolutions. One of mine is to start practicing on the organ. That’s a holdover from last year.

There has been some progress on the status of the BCT. The lawsuit against the school has been settled and the school board is moving forward to implement ADA requirements to bring the theatre into compliance. In the meantime, the theatre is still off limits to the general public and will remain so until late 2011 when construction is completed. Thankfully, the school administration has allowed NorCal members to attend our concerts as chapter events. We look forward to the day when all of this is settled, and we can open our concerts to the general public.

The Annual Membership meeting is fast approaching (Jan 23rd). I hope you can attend. We really expect to have the heat on for the concert; but bring some warm clothing, just in case. For the actual meeting, we will again have it on the stage where we have the stage lighting to keep us warm.

If you haven’t heard already, tickets are on sale for the Ironstone Pops Concert on April 16th. The artist will be Chris Gorsuch. It was a sold out event last year, and I’m sure it will be sold out quickly, this year. See you all soon.

A FINAL NOTE

Alden Stockebrand
(From John Lauter)

Alden Stockebrand was a long time Chicago area theatre organ supporter who was very involved with CATOE, Windy City Organ Club and ATOS. Alden was a ‘transportation specialist’ for ATOS conventions. He will be remembered by many NorCal convention attendees for his expertise in moving buses through large cities.

NorCal BOARD MINUTES

Every NorCal member is entitled to request copies of the Minutes of meetings of the NorCal Board of Directors, which meets 6 times a year. Send requests to the Secretary; his email address and telephone number is published at the bottom of Page One.

MEMBERSHIP BADGES

Have you admired the blue membership badges that many NorCal members wear to concerts? They are available for $13 shipped to the member’s address.

The badges are now totally engraved (no silk screening to rub off). Send your check and exactly how your name is to appear on the badge to:

The article below is by Elbert Dawson, and I urge members to send me interesting items and events which I use as space is available.

Wendell Jacob’s Potluck, Aug. 22, 2010 (by Elbert Dawson)

Some members of our chapter joined with others from Sierra Chapter and attended the potluck and open console at the home of Wendell Jacob in Davis last August 22nd. He has completed the installation of the 3 M/12 R Möller theatre organ that was originally installed in the lobby of the San Francisco Fox Theatre.

Wendell has it in a nice music studio building that is detached from his house. This writer last played the organ in 1963 when it was in the theatre and remembers well how distant, dull, and muffled it sounded in the theatre because of small tone openings in the plaster grill and heavy drapes over the grills. In that environment, it had no excitement whatever and was disappointing.

It is now a pleasant surprise to any who heard it in the theatre. It has the requisite brightness now and seems to have about the right power for Wendell’s studio. Our members who tried playing it were Fay Cooley and Bill Coale.

Wendell’s studio had a number of electronic organs and some coin-operated automatic musical instruments which this writer cannot name. One of the band organs was extremely loud, compared to the Möller, and would blow one out of the studio. The organ chamber was roomy and easy to walk through. The organ did not hurt the ears of this writer even when inside the chamber.
