

None OF THIS IS CAKE

Watercolor Pet Portrait Pricing and Information

First- WOW! I am SO excited to paint your (or the gift receiver's) pet! Here is what I will need to complete your portrait:

- 1 **high resolution** photo of the animal(s) to be painted. *This is the most important*
- What size and style would you like your finished painting to be? Please use the chart and sample works below to determine what type of portrait you would like. Head only or Full body? Plain white background, watercolor fade, or splatter background? If you would like any of the parts of the painting to be metallic, please let me know.
- All portraits will have a 1/4"-1" white border along the edge of the paper unless you request otherwise.
- Your order will come in a clear plastic adhesive-sealed sleeve. It will be signed on the front in the lower right-hand corner, and it will be stamped on the back with the None of This is Cake logo.
- The current turnaround time is 2-3 weeks (per portrait). Please be advised that this does NOT include shipping time (if your order requires shipping)
- Full payment is required upon placing your order. Your order is **NOT** confirmed until payment has been made. Please be advised that the prices below are before tax and do not include shipping.
- If your order is a gift, please let me know when I can post a photo of it on social media. If you **DO NOT** want me to post a photo of the finished work, please let me know in advance.
- If you would like additional prints of your painting, please let me know so I can arrange to have giclée prints made for you. This way I can ensure you are getting the best possible product and prints that look as close to the real thing as possible.

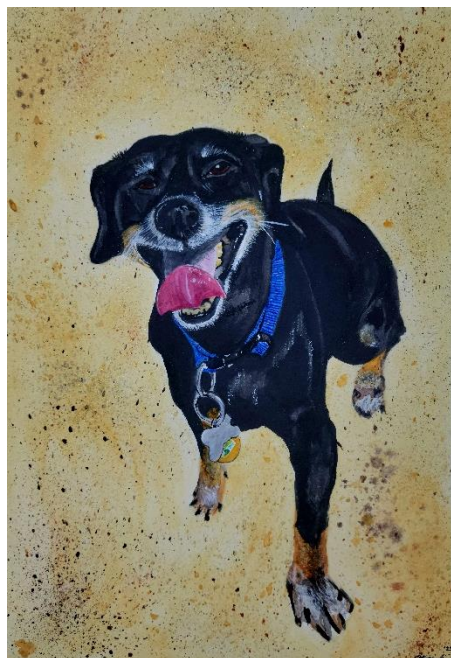

Additional Information about the materials used to create your portrait:

All None of This is Cake pet portraits are painted on premium Canson cold press paper with premium lightfast watercolor paint made by Beam Paints, an indigenous women-owned company located in M'Chigeeng First Nation on Manitoulin Island/Mnidoon Mnisig (Ontario, Canada).

Paper Size	1 Animal (Head Only) + Plain, Splatter or Fade background	1 Animal (Full Body) + Plain, Splatter or Fade background	2 Animals (Heads Only) + Plain, Splatter or Fade background	2 Animals (Full Bodies) + Splatter or Fade background
