"I highly recommend Paul's Mentalist Show. It was the BEST birthday party entertainment for an audience ranging in age from 13 to 90 years old! He included each person in part of his act. No one could figure out how the heck he pulled off his clever tricks!"

"Paul absolutely blew us away! We hired him to perform at my parents' 50th anniversary party, and he was truly one of the highlights of the celebration. He kept the entire crowd engaged and entertained from start to finish - and when the show was supposed to end, our guests asked him to keep going!

His tricks were indeed magical, but just as impressive was how well he connected with everyone in the room. We received so many compliments from our guests afterward. I can't recommend Paul highly enough if you're looking for something unique and memorable for a special event!"
