## PROFESSIONAL SUMMARY

I am currently pursuing a BFA in Musical Theatre and have been choreographing shows as long as I have been performing. My specialty is children's theatre and large ensemble musicals, with a focus on Jazz, Tap, Musical Theatre, Contemporary, and Ballet.

I am passionate about creating choreography that is both technically strong and accessible and love working with performers of all ages. Whether a children's production or a large-scale musical, I aim to craft dynamic and engaging dance sequences that enhance the story and energize the cast. Through my work, I strive to inspire creativity, build confidence, and make the experience enjoyable for everyone involved.
