

Extra Innings Baseball Philosophy

Our philosophy is to create a positive learning environment, to build and improve each player's physical/mental skills, baseball IQ, work ethic, and love for the game. Our daily schedule will be structured and designed so each player will have the opportunity to improve in the 4 aspects of the game: hitting, fielding, baserunning, and game knowledge. Assertiveness, accountability, and an intelligent work ethic will be preached daily so each player can evolve at this camp.

HIGHLIGHTS OF CAMP:

- High level instruction, high level professional coaching, with emphasis on teaching the game of baseball with little down time.
- Staffers are all professional educators, have an extensive coaching background, and all CPR certified.
- 5:1 Ratio Player to Coach
- Hitting, Fielding, Base running, and Agility stations. Position specific instruction
- Actual game play to develop situational knowledge
- We will not waste your time or money. We will fill every second with instruction.
