The following presentation will focus on the strategic direction of the VPHP Committee and the call to action of Alpha Phi Alpha Fraternity, Inc., and community involvement.

Fight on the Ice

“WE MUST FIGHT ‘TIL HELL FREEZES OVER AND THEN FIGHT ON THE ICE.”

– JEWEL VERTNER WOODSON TANDY, DECEMBER 1937

“Alpha Phi Alpha will always continue to advocate and serve when called upon. Our communities need us! Our children need us! Also we need to rely on each other! It’s our duty to demonstrate our relevance if we expect to retain the same level of interest from our supporters, our partners, our communities, and ourselves. We must combat the external forces that continue to question and challenge our existence. Whatever confronts us, we must remain a visible, viable, and socially responsible leader to our stakeholders as we exercise the collective and stabilized strength of our membership.”

– General President of Alpha Phi Alpha Fraternity, Inc. Mark S. Tillman

VPHP: Five (5) Areas of Program Execution:

2. CANDIDATE FORUMS AND/OR DEBATE WATCH:

Engage your chapter(s) and the community in the political process by hosting public candidate forums and or Debate Watch, and have discussion groups after the debate.

“Candidates either have or will learn to respect groups that are trying to ensure voters get involved in greater numbers and with greater insight.”

Consider using this link or establish your own method to conduct Candidate Forums Source: Neighborhood Guide to Organizing a Candidate Forum

Voter education involves providing information on who is eligible to vote; where and how to register; how electors can check the voter lists to ensure they have been duly included; what type of elections are being held; where, when, and how to vote; who the candidates are; and how to file complaints.

Chapter(s) may want to partner with the following organizations to develop Voter Education programs in their communities.

Voter Education/Registration Program
"A Voteless People Is A Hopeless People"

"A Voteless People is a Hopeless People" was initiated as a National Program of Alpha during the 1930's when many African-Americans had the right to vote but were prevented from voting because of poll taxes, threats of reprisal, and lack of education about the voting process. Voter education and registration has remained a dominant focus of this outreach activity for over 65 years. In the 1990's, the focus has shifted to include political awareness and empowerment, delivered most frequently through town meetings and candidate forums.

Voter Education/Registration Program

"A Voteless People Is A Hopeless People"

"A Voteless People is a Hopeless People" was initiated as a National Program of Alpha during the 1930's when many African-Americans had the right to vote but were prevented from voting because of poll taxes, threats of reprisal, and lack of education about the voting process. Voter education and registration has remained a dominant focus of this outreach activity for over 65 years. In the 1990's, the focus has shifted to include political awareness and empowerment, delivered most frequently through town meetings and candidate forums.
