THE MEMBERS F1RST RECORD OF ACCOMPLISHMENTS FOR LOCAL 100 MEMBERS

Richard Davis— A Leader Defined by Experience, Vision, and Results

As President of Transport Workers Union Local 100, **Richard Davis is the clear choice** to lead our union and prepare the next generation for leadership. With nearly three decades of experience, Richard's institutional knowledge is unmatched.

His dedication to the union and its members propelled him through key positions, including **Shop**

Steward, Chief Line Steward, Staff Rep, Division Chair, Executive Board Member, Vice President of MaBSTOA, Financial Secretary-Treasurer, and now President of TWU Local 100.

These roles have given him unparalleled insight into the challenges transit workers face and the complexities of the system we keep running.

Starting from the ground up, Richard built unprecedented solidarity within our ranks, assembling a powerhouse team of seasoned and fresh union officers:

MEMBERS F1RST. Under his leadership, this team will bring you experience, vision and results.

VICTORIES

Securing Powerful Contracts:

- Delivered nearly 10% in compounded wage increases over 3 years.
- Awarding a pensionable \$3,000 bonus in 2023 and an additional pensionable \$1,000 supplemental.
- Instituting 4-12 weeks of fully paid parental leave.
- Secured ABA Therapy for Autistic Children.
- Successfully increased Artic Pay to \$4.00.
- Gained an increase in Maintainers pay to \$1000.
- Secured a 3-year deal with \$3,000 bonuses plus a pensionable \$1,000 supplemental for Career & Salary.
- Negotiated the best contracts nationally for the school bus industry.

Defending Jobs and Expanding Membership:

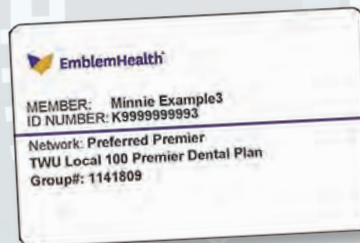

- Vigorously combating NYCT service and job cuts.
- Actively growing our membership base.
- Protecting our members' contract, health benefits, and jobs during the RFP for Liberty Lines.

Uniting Against Management Overreach:

- Maintained solidarity and resisted management's challenges, protecting both transit workers and their families.
- Fought, Lobbied and WON in protecting our jobs from the impending fiscal cliff the MTA was facing, securing billions of dollars.

NEW BENEFITS

We are proud to announce a **major victory**—new and enhanced benefits designed to give you and your family the best care possible. From dental and vision to hearing benefits, our fight has delivered comprehensive coverage

that puts your health and well-being F1RST. With expanded access, improved coverage, and top-tier providers, we prioritize what matters most: you and your family.

Our new EmblemHealth TWU Local 100 Preferred Premier Dental Plan offers unmatched coverage and flexibility:

- 100% coverage for preventive, basic, major, and orthodontic services when you use in-network providers.
- Access to 360,000+ dentists nationwide, including 8,500 in New York for more convenience.
- Annual Maximums: Up to \$2,000 per individual and \$4,000 per family.
- Boosted Orthodontic Benefits: Up to \$2,250 per person for in-network care.
- Full Coverage for surgical implants with in-network Providers: One implant per year, with no out-of-pocket cost.
- Expanded Pediatric Care: More in-network pediatric dentists to ensure your children receive the best care.
- No Referrals Required: Freedom to choose any dentist, with no hassle.

Enhanced Vision Benefit Plan:

- No Co-Payment for Premium Anti-Reflective Coating.
- Blue Light Filtering now included at no extra cost.
- Retinal Imaging covered when professionally indicated.
- Increased Out-of-Network Reimbursement, offering more flexibility.
- Preferred National LASIK Discount
- Program for significant savings.

Comprehensive Hearing Benefit (Active Members Only):

- Increased Allowance: Up to \$1,000 per ear for devices outside the covered schedule.

As part of our commitment to addressing the unique challenges you face, we brought health services directly to you through Health Fairs, offering on-site screenings and wellness resources, providing expert guidance to maintain your physical and mental well-being both on the job and into retirement.

Your Safety is Our Priority — Trust the Experts

The entire **Members F1rst Slate** is dedicated to making your safety our top priority. With over 10 years of experience on the safety team, we overhauled our safety efforts, bringing in cutting-edge training and certifications to empower our safety team including: **OSHA 30 Certification, Hazardous Waste Operations and Emergency Response (HAZWOPER), Confined Space Safety, Asbestos Handler Certification, and CPR Training.**

We secured a major victory with the *spit bill*, making any physical contact—including spitting—against transit workers classified as aggravated harassment in the second degree. Offenders now face tougher penalties, including jail time. We fought for increased police presence following a high profile assault on one of our members, leading to the deployment of the National Guard. We're continuing to push for a zero-tolerance policy on all violence and harassment toward transit workers.

We're also advocating for full cockpits to protect drivers and ensure safety on the job. Our commitment to your safety doesn't stop there—we're pushing for tougher laws, better protections, and safer working conditions.

9/11 RECOGNITION

Honoring the Heroes of 9/11: We took up the fight to ensure the brave men and women of TWU Local 100, who played a vital role in the rescue and recovery efforts after the 9/11 attacks, received the recognition they deserve.

For the first time in history, we secured **TWU Local 100's permanent place in the 9/11 Memorial Museum**, where our members' sacrifices are now officially recognized and honored. Our honor guard has also been proudly included in the **official 9/11 ceremonies**, ensuring our union's presence in these important commemorations.

GETTING RESULTS— The Fight for Tier VI Pension Reform

We have been leading the charge for Tier VI pension reform from day one, fighting to protect the retirement security of our members. We've won significant battles and continue to push for more.

Major Wins

Maintained the 25/55 retirement plan for Tier VI members, protecting your ability to retire with dignity.

Victory: Reduced the vesting period from 10 years to 5, ensuring members qualify for pension benefits sooner.

2024 Victory: Secured the shift from a 5-year to a 3-year average for calculating your final salary—this major upgrade will increase your retirement payouts, giving you more of what you've earned.

What's Next

We're fighting to pass legislation to remove the overtime cap and adjust contribution rates to a fixed rate. These changes will bring us to Tier IV parity, ensuring your pension reflects every hour worked and every dollar earned.

Let's Finish the Job

We've come a long way, but we're not done yet. The **Members F1rst Slate** will keep fighting for these crucial reforms—**we delivered real results, and will not stop until we complete the job.**

STATIONS

Re-Elect Stations Vice President Robert Kelley and the Entire Members First Slate for Stations

Experience. Vision. Results.

My journey with TWU Local 100 began in 2012, when I was first noticed for my relentless work helping members. Back then, it wasn't about titles—it was about making sure our members had someone fighting for them. The union saw the impact I was making, and I was asked to step up because members trusted me to deliver.

My journey with TWU Local 100 began in 2012, when I was first noticed for my relentless work helping members. Back then, it wasn't about titles—it was about making sure our members had someone fighting for them. The union saw the impact I was making, and I was asked to step up because members trusted me to deliver.

By 2020, I was appointed **Vice President of Stations**. And in **2022, you, the members, made your voices heard and elected me** to continue serving you. That victory wasn't just mine—it was ours. You believed in my vision, experience, and results.

Since then, I've been negotiating for your job security, higher wages, and better benefits. Under my leadership, **we secured the Station Agent of the Future Agreement, saving over 2,500 jobs** and protecting every station title. We didn't just defend—we strengthened and expanded opportunities across the board.

Experience That Pays Off:

From the start, I was trusted because I had the experience to get things done—and that trust has never been misplaced. With over a decade of service to TWU Local 100, I've navigated challenges and delivered time and again. Whether it's negotiating for better contracts, saving jobs, or fighting back against management overreach, experience delivers—and I'm ready to keep delivering.

A Vision for Growth:

I'm focused on creating pathways for every member to thrive. That's why I fought to ensure **CTAs now have a clear path to becoming Station Agents or Railroad Stock Workers** without having to resign or face a pay cut. I also fought for and won the creation of a new **Labor Class position, now a civil service role**, opening more long-term opportunities.

Results That Matter:

I've delivered real, measurable results. We've raised wages, improved benefits, and transformed your work experience by eliminating outdated practices like intrusive sick leave calls. **We've kept deep cleaning jobs in-house** and fought back against job cuts, expanding opportunities for all station titles.

Why Re-Election Matters:

This election isn't just about continuing in office—it's about building on the solid foundation we've laid.

In 2022, you elected me because I had the vision and experience to get results. I've proven that I can deliver, and together, we've achieved real progress. But there's still more to accomplish, and **with over a decade of experience**, I'm ready to lead us forward and secure even greater victories for the members.

I'm Robert Kelley, and I'm dedicated to driving our success. Let's continue winning for you, your family, and the future of the Stations Department.

Experience. Vision. Results.
