PORTFOLIO

Danielle Putter

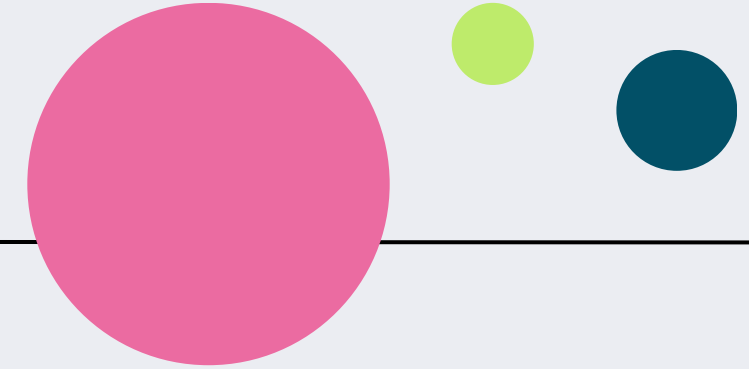

Hello... **I'M DANIELLE**

A passionate graphic designer, bringing creativity and dimension to every project. With a modern and edgy style infused with soft, artistic elements, I love crafting unique visuals that leave an impact. Whether it's drawing or digital design, I aim to create work that tells a story and resonates with audiences.

BIOGRAPHY

Since a child, my three main passions in life have been nature, animals and art. My hobbies always included one of the three, if not more. I decided to pursue my art hobby and make it my career, now I do what I love everyday.

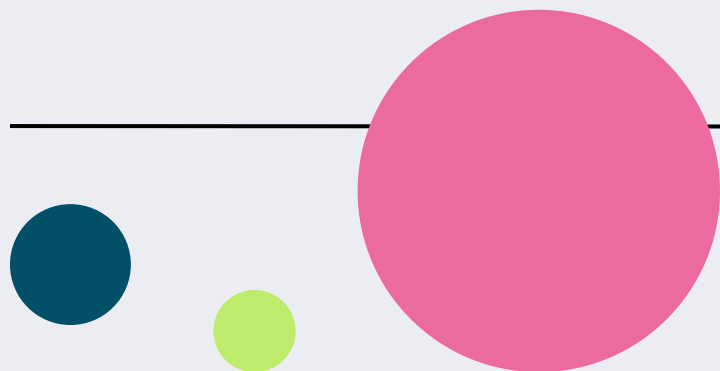

I am proficient in Adobe Illustrator, Photoshop and InDesign as well as Procreate; I am skilled in both digital and print media.

EDUCATION

After completing my matric, I studied and completed a BA in Fashion Media. As much as I love fashion, design and illustration is where my talents lie, which led me to complete a diploma at Open Window University.

Through this course I honed my artistic abilities and found the love for art that I had as a child.

SCHOOLING

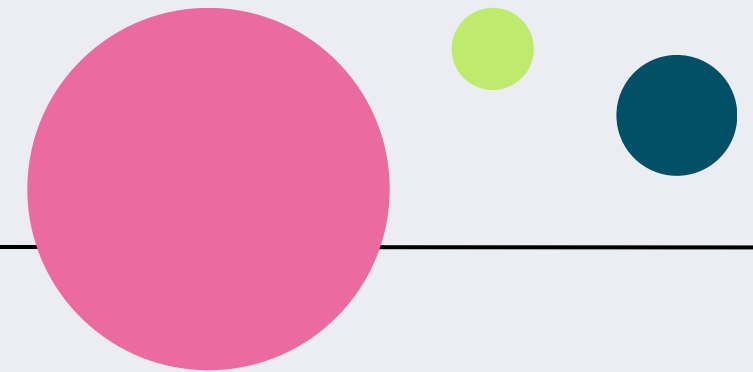

DAINFERN COLLEGE | MATRIC | 2017

BACHELOR DEGREE

STADIO'S SCHOOL OF FASHION | FASHION MEDIA
| 2018– 2020

VISUAL COMMUNICATION DIPLOMA

OPEN WINDOW UNIVERSITY | DESIGN TECHNIQUES
IN VISUAL COMMUNICATION | 2024

EXPERIENCE

Post completing my Fashion Media degree, I went on to study unrelated subjects: animal welfare and husbandry and a nail technician course.

Once completing the animal welfare and husbandry course, I began working at a dog daycare as the manager where I managed reception, bookings and payments, as well as caring for the dogs.

In 2023 I became a digital marketer for a fertility clinic where I have been creating content for social media, fertility talks and print media.
