## Departmental Significant and Notable Accomplishments:

### City Council Recognizes the Horizon City Police for Police Officer Week

On May 9<sup>th</sup> 2023, the Horizon City Mayor and City Council Members issued a proclamation recognizing the police department for their outstanding work and dedication to our community. They issued the proclamation for Police Officer Week which was being celebrated across the country. It is also a time to remember all our fallen officers who made the ultimate sacrifice protecting our community.

### New Team Member

The Communications Division continues seeking telecommunicators who are interested in taking the challenge to become an unseen hero behind the headset. Whomever is interested can apply through Indeed or stop by the station for an application. The communications division welcomed Sasha Gonzalez to the team.

### Specialized Training

9-1-1 telecommunicators were assigned to complete the 6-month mandated TCOLE 412 TDD/TTY training. It is important telecommunicators are trained and ready to receive calls from deaf, hard of hearing or speech impaired individuals.

### New Equipment

The Communications Manager and her assistant have been working diligently with Motorola Solutions Program Manager personnel on the communications console project. The communications center will replace the existing five MIP 5000 consoles with five MCC 7500E dispatch consoles. In addition, they attended the monthly city council meeting to get the approval and signature from the Mayor on a grant resolution for the Fiscal Year 2024 State Homeland Security Program. With the help of the Rio Grande Council of Governments representative, they are requesting a grant for APX800 Motorola radios for the patrol officers.

### Excellent Team Work

Telecommunicators Grisell Acosta, Irlanda Huerta, Sonya Dozier and Shift Supervisor Sheila Tarango did an astonishing job at handling a critical motor vehicle accident along with additional calls for service. They handled high volume of radio transmissions, phone calls, and answered questions and complaints about the incident in a fast pace and professional manner. Well done ladies!

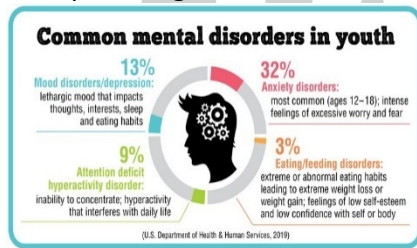

## Our quest for full paperless continues

Our agency is moving away from paper business cards. Although the tangible business card is a long-time staple of the business world, they are often misplaced and can become obsolete the moment a phone number or email changes. Using a digital business card mobile application, the user will be able to present a QR code which will allow the receiver to save the officer's contact information along with links to information on domestic violence resources.

## Violent Offender Coalition

Our agency partnered up with area agencies which include TxDPS, El Paso PD, Socorro PD, El Paso County Sheriff's Office, and the Juvenile Justice Department to name a few in order to analyze and develop strategies to reach at-risk youth before they become violent offenders. The amount of violence in teen crime throughout the county of El Paso has climbed over the last few years and the reasons for that are many. This coalition will focus on identifying areas of opportunity to reach those young offenders and help them find the right path to a safe and successful life.

## Partners with Schools and Community

Throughout the month of May, officers in the first shift received several complaints of parents disobeying school crossing guards and an uptick in parents driving fast through the school zones. Officers conducted saturated enforcement in different area schools to provide the community with assurance that their safety is important to our agency. Our officers conducted traffic stops and assisted with morning traffic control. Aside from traffic complaints, our officers handled an increase number of incidents involving students in possession of vape devices. Our patrol officers and Community Resource Officers are developing a responsive strategy to curb the use of vape devices in our community.

## Police Presence

During the afternoon hours, our evening crew responded to several complaints of students loitering at homes after school in the area of Ricardo Estrada Middle School. Our officers monitored the affected area and contacted several students who were addressed about staying off private property. Throughout the month, the number of student scuffles dropped significantly as the activity began to take place inside the school and those incidents were handled by the school resource officer. The homeowners in the affected area were grateful to the officers and relieved that the loitering at their homes has ceased.

This month, he did an excellent job in providing traffic code education to the public. This was done by his pro-active traffic enforcement. He had a high number of traffic contacts, which is in line with the performance expectations of our staff. Some of those contacts lead to arrest for outstanding traffic warrants. Outstanding work Officer Campbell!

Finally, we would like to recognize our Honor Guard. During the month of May, Honor Guard members attended several memorial events where they went and paid their respects to the fallen officers. They represented our city and department well. Great job everyone!
