### Easter Reflections

I love Easter Sunday. In fact, it's my favorite Sunday of the year. I remember as a child, I could hardly wait for the Easter egg hunt early in the morning at my home in Concord. My siblings and I would get up early Easter morning and look high and low for Easter eggs scattered around our yard. After exhausting our energies to find every single egg, we would gather around in a circle and celebrate what each of us had found. I still find great joy reflecting on this experience because it has helped shape my understanding of Easter Resurrection. Easter Resurrection, for me, is playful. It's hunting, finding, and celebrating. Easter Resurrection is discovering God at work in our world through the gifts of creation, relationships, and the unexpected surprises of life. Easter Resurrection is the anticipation of the spring flowers getting ready to burst into miraculous works of art. Easter Resurrection is the call from an estranged family member who simply says, *"I miss you, and I'm so glad I get to talk to you."* Easter is the surprise gift from a colleague to celebrate the resurrection of Jesus Christ. And ultimately, Easter is the mystery of Jesus' spirit still among us and working in us to do good and to assure us that we are loved unconditionally.

After devouring chocolate bunnies, jelly beans and boiled eggs after our egg hunt, the Burleigh's would get dressed up in outfits that mom had prepared for us kids. We would load up in the car and attend Easter service at Early's Chapel Methodist Church. The aroma of Easter lilies and the welcome from the congregants made everyone feel so welcomed and loved. But the highlight of my childhood Easter Resurrection experience was when the organist would pull out all of the stops on the B-3 Hammond Organ, and lead us into singing my favorite Easter hymn, **"He Lives."** The last line of the chorus simply states why I can believe in Easter Resurrection, *"You ask me how I know He lives, He lives within my heart."*

I wonder where you will find Resurrection this Easter? I wonder where you will discover God at work in creation, relationships, the unexpected, and even yourself? I pray you will be blessed by what you discover. I would love to hear what you find, please let me know.

~ *Pastor Bill Burleigh*

## ***Musical Musings*** **Anthems for April**

April 5<sup>TH</sup> ~ Palm Sunday

**"Hosanna to the Son of David,"** by Orlando Gibbons (1583-1625)

Although the English composer and keyboardist Orlando Gibbons died at the young age of 42, his compositions were very influential in English church music - and very popular. His monumental "Hosanna to the Son of David" was disseminated throughout England, and exists in at least 30 sources from Gibbons' time.

**"Ride On, King Jesus,"** arranged by Robert DeCormier

Robert DeCormier, perhaps best known for his arrangements for such popular greats as Harry Belafonte and Peter, Paul and Mary, captured the essence of this beloved and energetic spiritual – enough to make one want to stand up and shout, upon hearing the final “Ride on, Jesus!”

April 12<sup>TH</sup> ~ Easter Sunday

**"Ave Verum Corpus,"** by Wolfgang Amadeus Mozart (1756-1791)

Composed in the last year of Mozart's life, this work (along with his Requiem) demonstrates his development of powerful choral writing.

**"Hallelujah,"** from *Mount of Olives*, by Ludwig van Beethoven (1770-1827)

Beethoven's only oratorio, *Christ on the Mount of Olives*, portrays the humanity of Christ and the emotional turmoil of Jesus in the Garden of Gethsemane. The final chorus, "Hallelujah," was originally intended to celebrate Christ's decision to submit himself, suffer and die on the cross. Nowadays, this chorus has far outshone the larger work for which it was written, and commonly celebrates the Resurrection. We are pleased to present this anthem in the 250th anniversary year of Beethoven's birth.

April 19<sup>TH</sup> ~ Second Sunday in Easter

**"O Sons and Daughters of the King,"** arranged by John Becker (1927-)

John W. Becker worked for many years in Pittsburgh, and earned a reputation nationally as an organist and choral director. "O Sons and Daughters" is an arrangement of the French carol *O Filii et Filiae*, found in our hymnal, No. 317.

April 26<sup>TH</sup> ~ Third Sunday in Easter

**"Now Winter Fades from Sight,"** by Johann Sebastian Bach (1685-1750)

[I don't really have anything to say, here. It's a Chorale, by Bach - and therefore is awesome.]

Oil of oregano has been used since the beginning of recorded time for the natural resolution of infections, sinusitis, respiratory infections, colds, fevers, influenza, enteric parasites, fungus infections, Candida, indigestion, stomach ailments, asthma, flu, colds, insect bites, bronchitis, warts, rheumatism, headaches, and painful menstruation. It is natural and safe to use and it will not create mutant strains of bacteria. \*

Recent studies have confirmed that oil of wild oregano has some of the best natural anti-viral, anti-parasitic, anti-fungal and anti-bacterial properties available. It can be used externally and internally. There are no negative side effects. No prescription is needed and it doesn't cost a fortune!

Physica Energetics' Wild Oregano Oil is made only from wild, mountain-grown, 100% Mediterranean oregano, free of all chemicals and pesticides, and guaranteed to be handpicked in the pristine untarnished wilderness at the height of their potency with a conscientious awareness as to *correct species (!)* and *ecological balance*. The oil is produced by old-fashioned cold-pressing and steam distillation. No chemicals are used to extract it. Its effectiveness is enhanced by its safety, since it is entirely non-toxic. *Nothing else is added to "improve" the product (like additional carvacrol!). It is perfect just as it is!*

Please note that the high concentrations of *naturally occurring* carvacrol and the amount of oregano oil we are able to offer in one capsule is substantially greater than the popular over claimed products which sell for much more.

In all things we trust the recipes of the Vital Force... and our Wild Oregano Oil is no exception!

We chose to present our Wild Oregano Oil in a toxin and rancid free, softgel for convenience. This significantly increases greater patient compliance rather than the dropper dispenser that you put in water or on food.

It's not unusual for patients to report feeling a very pleasant, warm glow shortly after taking this highly stable product.
