

Mortgage Protection

7 in 10 American households are dependent on two incomes

It's Not for you. It's for Them.

If protecting your loved ones financially is a priority, then getting mortgage protection insurance is an easy step in helping you accomplish your goal.

Why Do I Need Mortgage Protection Insurance?

As a homeowner, being able to pay your mortgage on time is important! What would happen to your loved ones if you were to die prematurely, become disabled or critically ill, and your income suddenly disappeared? Would they be able to pay off the mortgage without difficulty and stay in their home? If your answer to that question is "No" or "I'm not sure", you owe it to yourself and to your family to consider purchasing mortgage protection insurance.

Can I afford Mortgage Protection Insurance?

Yes! Because there are a number of companies offering this type of coverage, pricing is competitive. Depending on your financial situation, this type of insurance can be a more affordable option than purchasing a separate whole life policy to pay off your mortgage in the event of your death. Coverage is often available without any medical exam!

RETURN OF PREMIUM

Certain policies offer a return-of-premium feature that provides a refund of all the premiums you paid into the policy at the end for the policy term

CRITICAL ILLNESS

Some policies provide a benefit payment in the event you are diagnosed with cancer, a heart attack/stroke or another critical illness

What is it?

Ensures that your mortgage payments are always met on time, even in the face of unexpected tragedy

Peace of mind, knowing that your family wouldn't lose their home even if the unthinkable was to occur
