

Boldly going to the next level of brightening.

Clinically proven to QUICKLY deliver visible, measurable brightening - for that VIVID glow!

Users Saw Remarkable Results:

**OUR PROMISE:** We are free from petrolatum, parabens, toxins, chemical irritants, synthetic antibiotics, dyes, perfume and fragrance. We are dermatologist tested and noncomedogenic.

GLOWING Reviews!

"I have tried so many products for my dark spots. With VIVID, in just a short time my spots have already started to fade. My whole face looks smoother and brighter and is even more hydrated."

- Janet W.

"VIVID has changed the way I look at myself in the mirror. I used to notice the spots, pores, dullness - and now all I see is a beautiful glow!"

- Emily W.

"When the hyperpigmentation from old acne scars started to fade - I couldn't believe it! Then the overall tone and texture of my skin just got better and better. I've told at least eight friends about VIVID so far."

- Carmela J.

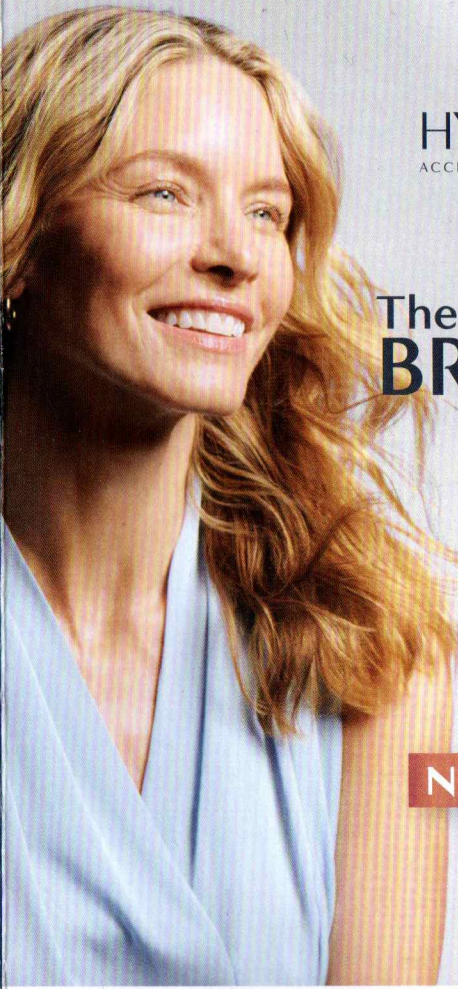

Hydration to the power of infinity.  
That's Hydrinity.

The wait is over.

The Next **BRIGHT** idea

Brightening technology that's *light-years* ahead!

VIVID BRIGHTENING SERUM

We are shedding light on  
*brighter skin*

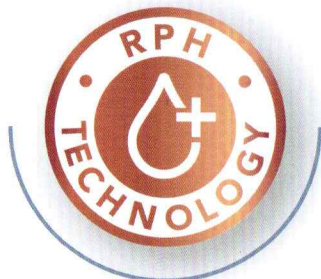

What's the secret?  
Meet our **DYNAMIC DUO.**

+

The **ONLY** brightening serum with **RPH Technology™**, a fusion of breakthrough ingredients to help repair, prevent and hydrate for a more youthful and refined appearance.

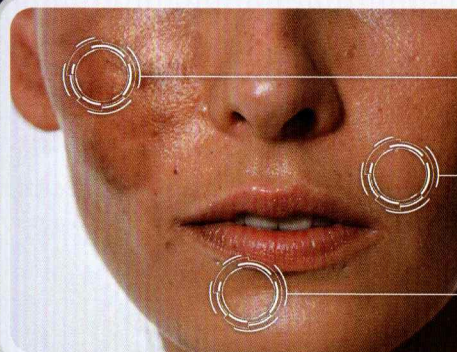

Repairs skin by accelerating cell renewal and regeneration for visible brightening.

Prevents and protects against future discoloration.

Hydrates deeply with our patented hyaluronic acid.

## VIVID BRIGHTENING SERUM

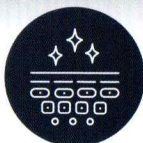

Targets the three main factors that affect your skin tone - for a brighter, more luminous and even complexion.

- ✓ Helps repair and fade existing pigmentation from all layers of the skin.
- ✓ Prevents new pigment formation by inhibiting melanin synthesis.
- ✓ Deeply hydrates and provides antioxidant protection to reduce inflammation and balance the skin barrier.

### POWERED by a Fusion of 10+ Ingredients

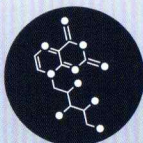

#### Hexylresorcinol

Fades hyperpigmentation and diminishes uneven skin tone.

#### Maqui Fruit Extract

Helps reduce and prevent hyperpigmentation and increase luminosity.

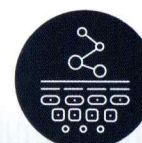

#### Acetyl Tetrapeptide 2

Shields skin from pollution, reduces discoloration and revitalizes dull skin.

#### Botanical AHAs

Improves texture, uneven skin tone and pigmentation by exfoliating the outermost layer of skin.

#### Oligopeptide 68

Helps reduce new pigment formation by inhibiting melanin producing skin cells.

#### Agastache Mexicana

Reduces inflammation and redness by decreasing skin temperature.
