Courier shipments via warehouse:

£95.00 Per Consignment (Up To 25 Kgs)

>25kg will be charged as per Onsite Handling Tariff.

If CEVA is required to provide clearance information, then the charges following will apply:

Courier Intervention Fee: £240.00

Duties & VAT: At Cost

Advancement Fee: 5% (Min £45.00)

Additional Information

- **Courier Imports** - All shipments must be sent customs cleared with all duties and taxes pre-paid (shipping terms DDP) and CEVA must receive pre-notification in advance of shipping.

Courier Intervention Fee will apply if CEVA are required to intervene in the customs clearance process.

International companies not registered in the UK are required to apply for a GB EORI number.

Your courier company will need this EORI number to process UK customs clearance.

You can apply for an GB EORI [HERE](#)

Fines will apply if a courier company uses CEVA's EORI without prior permission.

- **Courier Exports** - If you request CEVA to store your shipment after the show for that your courier company can collect CEVA will require a commercial invoice and shipping labels. You must also provide the courier companies details and date the goods are being collected. Handling charges apply.

Please send all documents for approval prior to sending.

CASE MARKINGS & PACKAGING

All cases should be labelled as follows:

► **Floating Offshore Wind**

c/o CEVA Logistics

Exhibitor Name:

Stand No:

Temporary and permanent import materials must be packed separately in different boxes.

Exhibition Packaging

Please ensure that suitable packaging is used for your shipment. Exhibits will be in transit for long periods, both to and from the exhibition.

Exhibits are often loaded and unloaded multiple times during transport, making shocks and bumps unavoidable. They may also be stored outdoors, including in open-air areas at the exhibition centre before and after the event.

Exhibitors should take precautions to protect items from damage and the elements. We cannot accept responsibility for damage, especially when return shipments are packed in used materials (cases, aluminum foil, plastic covers, etc.) that may already be worn or damaged.

Shipping cases must be sturdy enough to protect contents during transport, unpacking, and repacking, and suitable for return shipment after the exhibition.

Cardboard cartons are not suitable for repeated handling, particularly for valuable or delicate items.

DOCUMENTATION

A separate commercial invoice and packing list (CIPL) is required for temporary and permanent items, and must contain the following information:

- Quantity, net weight and dimensions of each item
- Description
- 10 Digit HS Codes
- Country of Origin
- Value

Invoices with incorrect HS codes will be rejected by CEVA customs and a £95.00 re-submission charge will apply.

Therefore, to avoid additional charges and potential delays we recommend you validated the HS codes before sending the pre-alert. UK HS codes can be found on [UK INTEGRATED ONLINE TARIFF](#),

A commercial invoice and packing list template can be downloaded [HERE](#)

All documents must be received at least 3 working days in advance of arrival.

International companies not registered in the UK are required to apply for a GB EORI number. Your EORI number is required to process UK customs clearance and should be stated on your CIPL.

You can apply for a GB EORI [HERE](#)

ADDITIONAL INFORMATION**Wood Packaging**

All cargo containing wood entering the EU (except coming from Switzerland) must be fumigated in its country of origin prior to shipment. This regulation includes but is not limited to such items as crates, pallets, frames, drums etc. To guarantee that the fumigation has been applied, the following information **MUST** be marked or stamped onto the outside of each package.

- IPPC logo
- ISO country code
- License number assigned to the fumigation company
- Fumigation method (Heat Treated or Methyl Bromide used)

Export Control

The UK Export Control Order 2008 controls the exports of strategic goods (Both Military and Dual Use) the transfer of technology and the trade of military or governmental equipment.

Both UK and EU Legislation demands that the Exhibitor or Shipper Must declare to CEVA, any items that are included in the 'UK Military List or the EU Dual Use List' prior to them leaving at the close of the Exhibition. It is a legal requirement that the correct Export Control procedures be applied at the time of re-export.

It is therefore important that the exhibitor is aware of the relevant legislation, and a declaration is shown clearly on your return shipping instructions and any documentation accompanying your shipment.

For the return shipping from the UK, it is the exhibitor's responsibility to declare to CEVA any items that ARE subject to export controls clearly on your commercial invoice per line item.

If, having checked your exhibits against the UK Control List you are satisfied export controls are NOT subject to UK Export Controls please state clearly on your commercial invoice "The goods included herein are not subject to UK Export Controls".

For the full UK Export control list please click [HERE](#)

INSURANCE**CEVA Protect**

Insurance cover whilst goods are in transit or in CEVA's possession are covered under the limitations of [CEVA'S TERMS AND CONDITIONS](#).

CEVA accepts no responsibility for goods left unattended. Such goods remain the sole responsibility of the client, and we strongly recommend that all freight be fully insured.

For a quote for all risks insurance cover please contact:
