Default, Forfeits and Retired Round Robin Lines

To accurately record match defaults and forfeits for match points and for DUPR syncs.

1. A player named "Default or Forfeit Player" is on your roster.
2. When entering round robin match results where an opponent has retired, defaulted, or forfeited:
 - Captains should select "Default or Forfeit Player" for the relevant matches.
 - This will ensure that these matches are recorded as 11-0 wins or losses for team match points.
 - This will ensure that these matches are NOT synced to DUPR as 11-0 wins or losses for players in that round.

This will help maintain the accuracy of our DUPR ratings and provide a clearer record of match outcomes and player statistics for you.

If you have any questions, please don't hesitate to reach out to Info@SupremeCourtPickleball.com
