

WE CHOOSE

TO FACE EVERY CHALLENGE

AT NORTHERN ARIZONA HEALTHCARE, caring for the communities we serve means being prepared for whatever challenges come our way. Our campuses have prepared for the impact of novel coronavirus and expect to have the capacity and resources needed. As cases of COVID-19 continue to be identified in our region, please know that we are actively responding to safeguard your health and the health of your loved ones.

It is clear that we are in this together. Not a day goes by without questions from individuals and businesses on how to aid our efforts here at Northern Arizona Healthcare through donations or supplies. We truly appreciate all of your support. To keep you informed, we are consistently updating information on our website regarding the virus so please visit it often.

NAHealth.com/covid-19-resources

Finally, we want to say how grateful we are to the 3,000+ colleagues and physicians that make up Northern Arizona Healthcare. We are so appreciative of these compassionate professionals who are working every day, caring for our patients and communities during this difficult time. When faced with a crisis, like so many healthcare workers, they have put the community's needs ahead of their own.

OUR HOSPITALS HAVE BEEN IN THIS REGION FOR MORE THAN 80 YEARS, PROVIDING CARE WHEN IT WAS NEEDED MOST. WE ARE PROUD TO BE HERE TODAY, ALONGSIDE YOU, HELPING MEET THIS CHALLENGE.
