

Connecticut Blue Economy Education Resources Workshop

**CONNECTICUT
BLUE ECONOMY
COALITION**

Join the CT Blue Economy Coalition for a statewide workshop focused on strengthening marine and maritime education. This event brings together K-12 educators, school leaders, marine science organizations, and businesses committed to growing marine literacy and supporting Connecticut's Blue Economy.

The workshop features panel discussions, hands-on demonstrations, and opportunities to connect with providers of marine and maritime experiential learning. Participants will leave with practical tools, resources, and strategies to enhance instruction and support workforce development.

Learning Outcomes

- Explore K-12 marine and maritime education resources and program providers.
- Gain insight into the skills and workforce needs across Connecticut's Blue Economy sectors.
