Council Meeting
Item: Citizens to be Heard
7:37:17 PM
6/6/24

Clearwater's city council recently approved an alternative plan for Drew Street improvements, focusing on safety while keeping lane capacity. This big decision impacts Plaza Park, as Drew Street borders our neighborhood. KC Coleman, one of our residents, spoke about the matter at the last council meeting. Let's follow KC's example of inspiring civic engagement by staying active in community discussions and making our voices heard!

FRIENDLY CODE COMPLIANCE REMINDER:
Per city code, front yards must be kept free of debris and parking on the grass is not allowed. Accumulation of trash is not only unsightly, it also threatens public health. So let's make sure our front yards are free of garbage, and avoid parking our vehicles on our front yards! Keeping our properties well-maintained contribute to the beauty and safety of our neighborhood, making it a more pleasant place for everyone!

We're also excited to share that the city recently upgraded Plaza Park! All the old, worn-out metal trash cans and uncomfortable benches have been replaced. These improvements make our pocket park even more welcoming and comfortable for everyone. A big thank you to the Parks & Recreation department for enhancing our beautiful neighborhood gathering space! Now **let's all do our part in keeping the park free of litter and encouraging kids to throw their trash in the proper bins!**
