

ABOUT THE COMPANY

Floyd's Construction Ltd. is a third-generation, family-owned and operated business who has built a solid reputation on quality workmanship, project excellence, and integrity since 1974. We are proudly based in beautiful Rocky Harbour, NL at the base of the world-famous Gros Morne Mountain. We specialize in marine construction and have a long track record of delivering incredible projects to our clients- on time, on budget and with respect, integrity, and a commitment to industry leading safety.

This year, we turn 50.

We're just getting started!

The future of FCL is bright and we are looking for energetic, focused and results-driven people to help propel us even further.

We are currently accepting resumes for the position of **Heavy Duty Equipment Technician. This role will be based in Rocky Harbour with some the expectation of some travel within the region.**

WHY WORK WITH US?

We strongly believe that our company is only as strong as our people, and that's why we look out for our own.

By joining our team, you can expect:

- A competitive salary
- Health Benefits
- Professional Development opportunities
- Opportunities for advancement in an organization planning new growth for 2024 and beyond
- A safe and respectful work environment.
- Opportunities for team building and professional development, training, and personal growth
- Vehicles may be provided for usage; a valid driver's license and a clean driving abstract is required

- Be a part of the next chapter of an established, innovative marine construction company
- 3-month temporary housing may be available
- ... plus you'll be working in some of the most breathtakingly beautiful locations in Newfoundland!

WHO ARE WE LOOKING FOR?

HEAVY DUTY EQUIPMENT TECHNICIAN:

This candidate will have a background working as a Heavy Duty Equipment Technician; the successful candidate will be responsible for repairing, troubleshooting, overhauling, and maintaining heavy duty equipment used for our construction operations.

There is great opportunity for this candidate to grow in this role and be a part of planned short and long-term growth.

WHAT YOU'LL DO:

- Troubleshoot, inspect, diagnose, and maintain FCL machinery and equipment, resolving moderate to complex issues
- Prepare machinery, including maintenance, repairs, and overhauls
- Conduct annual and pre-trip inspections
- Operate and maintain tools, equipment, and work areas according to company policy
- Conduct field work on various job sites throughout Western and Central Newfoundland as well as Southern Labrador when needed
- Continually assess service tasks hazards and ensure work is performed safely as per the company policy and OHS

WHAT YOU'LL BRING

Education & Qualifications

- A valid Technician Licence relevant to this position.
- Minimum of 2 years experience in repair and service of heavy equipment.
- Valid Driver's Licence.

Skills

- Must have the ability to communicate and work effectively in a team-oriented environment.
- Must be able to meet the physical demands (climbing, overhead lifting, prolonged standing, etc)

- Must be able to lift up to 50 pounds.
- A problem-solving centric attitude.
- 2+ years experience.
- Ability to multi-task.
- Outstanding leadership and organizational skills.
