"Joining Premiere Property Group has been a real game changer for my business. The seamless marketing platform, affordable desk fees and market strength have allowed me to focus on my client's needs and expand my personal brand. I have an incredible support team at the brokerage and a great marketing team that are always available. I am truly grateful, and I know that it makes a difference for my clients as well. Thanks PPG!"

- Joelle Lewis, Principal Broker - OR

"When I graduated from the mentorship program, I felt like I actually had a handle on what I was doing as a broker. As a new broker and business owner needed "hand holding" and had a lot of questions. My questions were always answered in a timely manner and I was told where and how to find the answers. The mentor not only taught me the basics, but also how to run my business. I am forever grateful for the training I had and I know I would not be as successful as I am today if not for the program."

- Colleen Davies, Broker - WA

"There are many different brokerages out there and many different ways of trying to attract good realtors, many of which were recruiting me regularly, but I felt PPG had the most to offer. I have 24 years of experience in real estate and it takes a lot for me to make a switch, but I know this was the right move and looking forward to the next many years in real estate with this brokerage."

- Brett "Augie" Augsburger - AZ
