All About the Accessories.

The best nozzles are YOUR nozzles.

STEINEL's accessories are made with the same precision as our heat tools. But the best accessories are the ones you are comfortable with.

STEINEL heat tools work with our competitors' nozzles, saving you money and keeping you working as efficiently as possible.

Mobile Heat 7
STEINEL Cordless Heat Tool

Mobile Heat 7

The Mobile Heat 7 has all the power and none of the hassle of traditional heat tools. The MH7 warms up in less than 30 seconds, with a temperature going up to 1022 °F and a powerful output. No more generators, hassling with extension cords or unnecessary settings for a simple roofing patch. This tool was designed for roofers, working hard in hard-to-reach spaces with low-tech ease and ergonomic comfort.

Technical Specifications

Voltage: 18 v

Output: 900 - 1000 watts

Airflow rate: 10.5 cfm

Temperature: 120 - 1022 °F

Power Supply: Rechargeable lithium-ion battery

Features

Ready for use within 30 seconds, manual thumbwheel for easy-to-use settings, ON/OFF switch, rechargeable AMPShare™ Powered by BOSCH battery, ergonomic softgrip, and compatible with all standard push-on nozzles and heat guard.
