

EXCLUSIVE STOKE-ON-TRENT OFFER

My Offer to MY City

Stoke-on-Trent

Parkes Education wants to give something back to the wonderful City of Stoke-on-Trent. This is the place that, not only, gave me a wealth of experience and success but, also, it is home to the amazing young people and school staff, that have been integral to the last 20 years of my professional career. I know the City, I know its schools, I know its kids and I know what is needed to support school staff and their need to manage behaviour and, as per the new Ofsted guidelines, their mental health. Schools are losing huge sums each year because of staff absence, directly related to mental health and burnout. Almost 60% of school staff believe that they have suffered with their mental health within the last 12 months.

This needs to change **NOW!** I have been there. I know better than most, the impact it has on staff individually and the school collectively.

Sick of prices that start with the word 'from'?

My offer to Stoke-on-Trent is black and white. No hidden extras. The price you see here is the price you pay. The 'Stoke' price being considerably cheaper than those I offer elsewhere, such is my ongoing commitment to the City.

Cost

Full Day:	£500
Half Day:	£300
