

Head Quarters &
Hyderabad Chapter

National Seminar on

Mines Safety Management & Sustainable Mineral Development

On 20th January 2019 at Dr. MCR HRD Institute, Hyderabad, Telangana State

Concept

The mining & minerals industry faces some of the most difficult sustainability challenges of any industrial sector. The mining and minerals sector has begun responding to some of the latest trends and technology improvement in safety management and sustainability challenges, needs more commitment and responsibility in ascertaining safe mining atmosphere for augmenting productivity and value-addition to the Nation.

The private & public sector mining agencies have been concentrating for the most part in intensification of production of mineral to meet demand, gagging safety norms/measures in mines. The conditions in mines are dynamic in nature and can change without any prior indication. The occurrence of major accidents and disasters in the recent past needs close introspection. With progressive industrialisation, the emphasis on mines safety management and legislation got enhanced. Thus, discussion on issues of mines safety management for sustainable mineral development becomes the need of hour.

In this backdrop, Mining Engineers' Association of India, Head Quarters & Hyderabad Chapter in association with Directorate General of Mines Safety, Ministry of Labour & Employment, Govt. of India is organizing a one-day National Seminar on "Mines Safety Management & Sustainable Mineral Development" at Dasarathi Auditorium, Dr.Marri Chenna Reddy HRD Institute, Jubilee Hills, Hyderabad.

Theme of the National Seminar

"Safe-Mining-Adapting-Robotic-Technology" (SMART)

Safe mining of minerals makes a country socially and economically strong as quoted by the Great Kautilya, Hindu Exponent in 4th Century BC that "Mineral Resources indicate the strength & power of the Country".

Important Dates

- 1 Last Date of Submission of Abstracts 15th December 2018
- 2 Notification of Acceptance 20th December 2018
- 3 Last Date for submission of full paper 31st December 2018
- 4 Last Date of Registration/Payment of Fees 15th January 2019
- 5 Date of the National Seminar 20th January 2019
 - Spot Registration will be allowed on the Day of the National Seminar
