COMPILATION REPORTS ON LINCOLN UNIVERSITY COLLEGE PARTICIPATION IN INTERNATIONAL COLLABORATION FOR MEASURING DATA FOR SDG

SUSTAINABLE DEVELOPMENT GOALS
17 GOALS TO TRANSFORM OUR WORLD

2023

Lincoln University college (LUC) have participated in various gatherings and international conferences for measuring SDG data and developments in various fields of science, social studies, community and socio economics aspects. As a University LUC is always committed for the encouragement and developments for the sustainability of the outcome of the programs.

INTERNATIONAL CONFERENCE TARGETING SDG-3 TO MEASURE DATA

LUC in collaboration with West Bengal State University, India organised a conference with the theme of ***Build the World We Want: Sustainable Environment and Healthy Future for All.***

3rd International Conference on Sustainable Environment & Healthcare (ICSEH 2022)

Focal Theme:
Date : 19th & 20th December 2022
Venue: West Bengal State University, Barasat, West Bengal India

Organized by:
 Dr. Tarak Nath Podder Memorial Foundation, Kolkata, West Bengal, India
 and
 Centre for International Studies West Bengal State University, India
in collaboration with
 Lincoln University, Malaysia
 and
 Association for the Prevention and Control of Rabies in India (APCRI)
 and
 eHospitals

3rd International Conference on Sustainable Environment & Healthcare (ICSEH 2022) is organized by Dr. Tarak Nath Podder Memorial Foundation, Kolkata and Centre for International Studies, West Bengal State University, India in collaboration with Lincoln University, Malaysia, Association for the Prevention and Control of Rabies in India (APCRI) and eHospitals

The basic idea behind the conference is to make a platform for the distinguished dignitaries to exchange new ideas and apply hands on experiences to build up new relationships in research. There is also a scope for future collaborations along with global partners. Building up a strong relationship between industry and academia is also among one of the key factors. The conference will help us to understand the present Technology Driven Environment and the relationship between Data Analytics and the Environment. At the same time, the conference will help to bridge the gap between Research professionals, Biologists, Environmental Activist, Environmental Economist, Health officials, Medical professionals, Microbiologists, Nurses, Pharmaceutical Scientists, Physicians and other delegates.

The main focus of the conference is on the latest and most exciting findings in the following areas:

ASD	Environmental Sciences	Microbiology and Immunology	Physiotherapy, Sports and Fitness
Biochemistry	Food Sciences & Dietetics	Molecular Biology	Research Methodology in Science
Biodiversity	Genetic Engineering	Nursing	Statistical Implications on Environment, Biodiversity & Health
Biotechnology	Healthcare	Oncology	Traditional Medicines Ayurveda & Homeopathy
Computer applications in related field	Health Economy	Patent & Trademarks in Science	Water Resources
Disaster Management	Medical Laws & Ethics	Pharmacy	

The presented papers after review we will publish in Cross Ref doi indexed peer reviewed journals International Journal of Advancement in Life Sciences Research (IJALSR) Online ISSN: 2581-4877 (<http://www.ijalsr.org>) & Malaysian Journal of Medical Research (MJMR) Online ISSN: 2550-1607 (<http://ejournal.lucp.net/index.php/mjmr/>) & ISBN indexed book as book chapters.

In the conference our international partners joined and discussed the methods to identify the data gathering techniques for the SDG 3 the basic idea behind the conference is to make a platform for the distinguished dignitaries to exchange new ideas and apply hands on experiences to build up new relationships in research. There is also a scope for future collaborations along with global partners. Building up a strong relationship between industry and academia is also among one of the key factors. The conference will help us to understand the present Technology Driven Environment and the relationship between Data Analytics and the Environment. At the same time, the conference will help to bridge the gap between Research professionals, Biologists, Environmental Activist, Environmental Economist, Health officials, Medical professionals, Microbiologists, Nurses, Pharmaceutical Scientists, Physicians and other delegates. Some of the important aspects of health issues were discussed as below:

- ✚ Challenges that will bother the Sustainable future of Corporate World in Changing technological scenario.
- ✚ Accelerating Socio-ecological Systems and Governance Through Sustainable Development Goals in a Vulnerable Environmental Conditions
- ✚ Energy Security and Environmental Wellness on Sustainable Basis – Indian Perspective
- ✚ Ecology and benefits of Moringa (*Moringa oleifera*) farming in Indian agriculture scenario
- ✚ Hospital Manpower Retention Towards Achieving Sustainability by Proper Management of Solid Waste Management, in and Around Kolkata.
- ✚ Effect of a protocol on knowledge and practice of staff nurses regarding ABG analysis in critical care unit.
- ✚ Hazards of Bad Sitting posture and its Solutions
- ✚ Critical Analysis for The Causes of Customer Perception Towards Buying of Ayurvedic Products

Lincoln University College Joins Hands with Ramakrishna Mission Aiming to Research Collaboration

Lincoln University College (LUC), Malaysia forged a profound partnership with Ramakrishna Mission Vivekananda Centenary College (RKMVCC) in Kolkata, India, marking the commencement of a noteworthy research collaboration to measure SDG data . An MoU was signed between LUC & RMVCC in the presence of Honourable Prof. Dr. Amiya Bhaumik, Founder & President, LUC, Malaysia & Swami Kamalasthananda Maharaj, Principal, KMVCC, Kolkata, India.

Lincoln University College Inks MoA with Zhejiang Chinese Medical University

Lincoln University College and Zhejiang Chinese Medical University formalized their partnership by signing a Memorandum of Agreement (MoA) on September 2, 2023.

- Focus: This collaboration encompasses various critical areas, including research, innovation, publication, student mobility, faculty development, faculty exchange, and student exchange.
- Vision: Notably, both institutions have committed to placing special emphasis on the 17 Sustainable Development Goals (SDGs) outlined by the United Nations' 2030 agenda.

· Aims: One of the key objectives of this partnership is to extend the reach of health education into developing countries, particularly in Africa and parts of Asia. The aim is to make a tangible impact on advancing the Sustainable Development Goals.

In pursuit of all these noble missions, both the universities warmly invite like-minded

entrepreneurs and individuals to join hands and contribute to this vital initiative.

MoU Signing Ceremony Between Lincoln Institute of Higher Education & Pedorthic Association of Australia

Lincoln Education of Higher Education (LEHE) inked a Memorandum of Understanding (MoU) with the Pedorthic Association of Australia on August 11, 2023 for academic collaboration.

On 11th August, the Pedorthic Association of Australia (PAA) and the Lincoln Institute of Higher Education (LIHE), Australia, embarked on a pivotal collaboration in pedorthics education and research. Pedorthists, recognised under the Allied Health Professions Australia, are instrumental in enhancing patient well-being through bespoke footwear solutions. Their expertise aids in averting foot complications, promoting mobility, and substantially curtailing risks linked with conditions like diabetes. This venture promises the development of a Global standards Bachelor of Pedorthics programme, revolutionary industry-led training, and unrivalled Work Integrated Learning opportunities for LIHE students. Such endeavours will capacitate them to cater to underprivileged communities, individuals at high foot-care risk, the physically challenged, and the Aboriginal and Torres Strait Islander populations.

Prof. Amiya Bhaumik of LIHE highlighted the institute's philosophical ethos on health education, expressing a fervent desire to pioneer community service via non-profit health education. PAA's President, Katrin Wegener, alongside Karl-Heinz Schott, emphasised the vast potential of the pedorthist profession in Australia, pointing to job-ready opportunities for students even in nascent study stages and the surging demand in remote areas.

This union was celebrated with the esteemed presence of members from PAA – Katrin Wegener, Karl-Heinz Schott, Khajag Moskofian, Sayed Ahmed; and from LIHE – Prof. Amiya Bhaumik, Dr Tadipatri Prasad, Dhanyānanda Swami, Mark Atkinson, Vijaya

Ryali, and Prof. Mahfuz Ashraf. Forward to a brighter, inclusive future in health education!

**REPORT OF THE 5TH INTERNATIONAL
CONFERENCE ON RECENT TRENDS IN
BUSINESS AND ENTREPRENEURIAL
VENTURES (ICRTBEV 2022)**

Organized By: Lincoln University
College, Malaysia

2022

EVENT REPORT

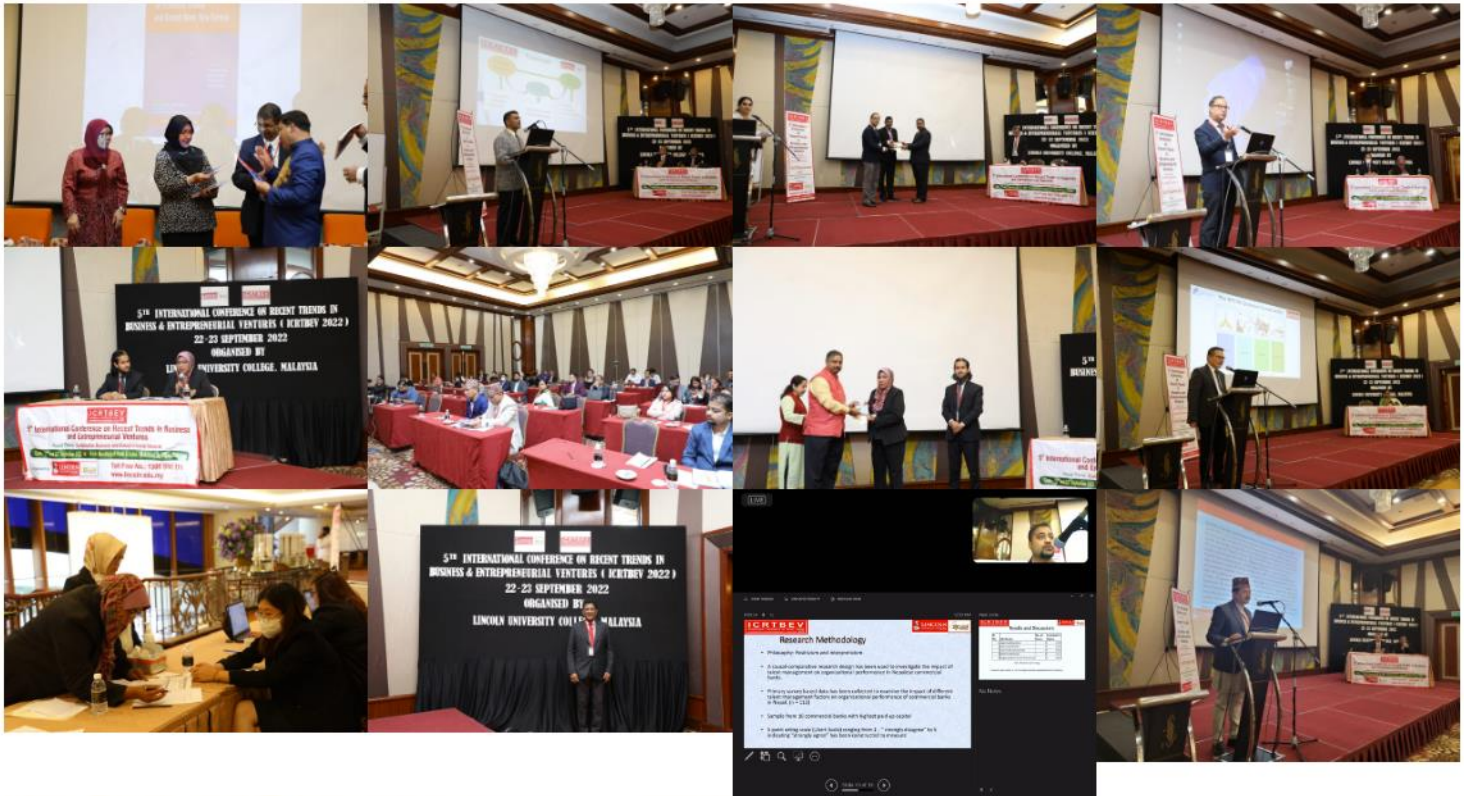

5th International Conference on Recent Trends in Business and Entrepreneurial Ventures (ICRTBEV 2022) was organised by Lincoln University College, Malaysia on September 22-23, 2022 at Mardhiyyah Hotel & Suites, Shah Alam, Selangor, Malaysia. The event was held in hybrid mode. The Focal Theme of the conference was “Sustainable Business and Entrepreneurial Ventures”.

Dr. Victor C. Canezo, Jr., President, Biliran Province State University (BiPSU), Philippines was the keynote speaker of the event. Prof. Dr. Amiya Bhaumik, President, Prof. Datuk Dr. Hajjah Bibi Florina Abdullah, Pro-Chancellor and Prof. Datin Dr. Hafizah Che Hassan, Deputy Vice Chancellor, Lincoln University College, Malaysia graced the conference with their presence.

ICRTBEV 2022 is dedicated to the promotion and presentation of peer-reviewed research. The conference brings together high-level public and private sector decision makers as well as entrepreneurs, investors, and researchers from the South East Asian region and abroad. The conference aims at building a bridge and linking start-ups and SMEs to investors, financiers, and established corporates in the region to create business partnerships and joint ventures.

18TH SEPTEMBER 2021

Course schedule

At the end of this course, the participants will be able to

1. Comprehend the principles of CBCT.
2. Summarise the clinical applications and clinical considerations of CBCT in dentistry.
3. Develop a working knowledge of the normal anatomic landmarks of maxilla, mandible, and associated structures.
4. Understand the basic concepts on how to review a CBCT volume systematically.
5. Apply the knowledge gained in analysing CBCT volume in the practise of Endodontics and Implant Dentistry.
6. Recognize the importance of the need for referral to an Oral and Maxillofacial Radiologist.

Time	Topic	Course author	Course content
9:00 am to 9:30 am	Opening Ceremony and Introduction to the course		
9:30 am to 10:45 am	CBCT anatomy of Maxillo – facial region	Assoc. Prof. Dr. Norliza Binti Ibrahim	Lecture – 15 minutes Virtual demonstration – 45 minutes Interactive Discussion – 15 minutes
10:45 am to 11:00 am	Break		
11:00 am to 12: 15 pm	Dental CBCT – Steps in systematic interpretation	Assoc. Prof. Dr. Subashini Suyambukesan	Lecture – 15 minutes Virtual demonstration and discussion – 45 minutes Interactive Discussion – 15 minutes
12:15 pm to 1:15 pm	Dental CBCT – Clinical applications	Prof. Dr. Junichi Asaumi	Lecture and virtual demonstration
1:15 pm to 2:00 pm	Break		
2:00 pm to 3:30 pm	CBCT in Endodontics and Implant dentistry	Prof. Trishul Alareddy	Virtual demonstration & discussion
3:30 pm to 4:00 pm	Assessment		
4:00 pm to 4:15 pm	Break		
4:15 pm to 5:00 pm	Q & A session, feedback, and presentation of certificates		

Get to know your course speakers

Prof. Dr. Junichi Asaumi DDS MS PhD

Dr. Junichi Asaumi is a highly experienced Oral and Maxillofacial Radiologist (Okayama University). He is a full professor at Okayama University and Vice President in charge of global health, Okayama University and Vice Director in charge of dental clinics, Okayama University Hospital. He also serves as Director of Oral Examination and Diagnosis Center, Okayama University and Hospital Vice manager, Head and Neck Cancer Center, Okayama University Hospital. He is the President of the Japanese Society for Oral and Maxillofacial Radiology, Executive Director of Asian Academy of Oral and Maxillofacial Radiology and Editor-in-Chief of Oral Radiology.

Prof. Trishul Alareddy B.D.S., M.S., Dipl. of ABOMR

Dr. Trishul Allareddy is a full professor in the Department of Oral Pathology, Radiology and Medicine and the Department of Radiology at the University of Iowa. He is currently the Program Director for the Advanced Education Residency Program in Oral and Maxillofacial Radiology. He serves on several collegiate, university, national and international committees. He is currently the ADA and AAOMR representative to DICOM. He is the current co-chair for working group 22(Dentistry) of the DICOM Standards committee, where he also serves on the Leadership, Outreach and Educations Committee.

Dr. Allareddy is one of the authors of the National Council on Radiation Protection (NCRP: 177) report in Dentistry. He serves as an Editor for OMFR Resource centre and is an associate editor for OOOO journal. His main expertise and interest are in the use of technology in dentistry.

Assoc. Prof. Dr. Subashini Suyambukesan. MDS MFDS RCPS(Glasg) FADI

Dr. Subashini Suyambukesan is the Head of Oral Diagnostic and Surgical Sciences and Program Coordinator for Oral Radiology at Lincoln University College, Malaysia. She is also the Malaysian director for Asian Academy of Oral and Maxillo Facial Radiology (AAOMFR). Being an eminent academician and an enthusiastic speaker, she liaises with eminent oral radiologists across the globe to improve oral radiology curriculum and clinical practice. She is the member of AAOMFR certifying committee and an ardent advocate of 'Image gently and wisely' principle. Her main expertise includes diagnosis and management of Oral Potentially Malignant Disorders and diagnostics in Dental and Maxillo Facial Radiology.

Assoc. Prof. Dr. Norliza Binti Ibrahim DDS MSc PhD

Dr. Norliza Ibrahim is the Head of Oral & Maxillofacial Imaging Unit, and an associate professor in the Department of Oral and Maxillofacial Clinical Sciences, Faculty of Dentistry, University of Malaya. She completed her DDS at Gadjah Mada University (1999), MSc at University of Manchester (2006) and Ph.D. in Oral Radiology at Academic Centre for Dentistry Amsterdam (2014).

Dr. Norliza has been involved in several academic research activities and has published books and over 40 publications in high impact journals. She collaborates actively with researchers in various dental disciplines within the faculty, nationally and internationally. She is involved in many research projects funded by national and international grant as well as industry. Her area of expertise includes Cone beam CT, micro-CT and 3D imaging software. Her research interests include image quality analysis,

dental cone-beam CT and micro-CT to improve diagnostic accuracy while ensuring radiation safety to the patients.

She is an editor and reviewer of many reputed national and international journals and has more than 18 years of academic and clinical experience.

REGISTRATION POLICY

1. Please be informed that registration is not transferable to another person.
2. Participants will be provided with personalized credentials allowing participants access to the virtual event. These credentials are personal and non-transferable. Viewing and materials may not be shared with non-registered individuals.
3. Registration will only be valid when payment is received in full by the Edu Overseas Enterprise as event manager and IT support for Faculty of Dentistry, Lincoln University College (LUC).
4. The organizing committee reserves the right to change or cancel the programme without prior notice if circumstances dictate.
5. Registration package includes ONLY:
 - a. Access to the online sessions during the date of the event
 - b. E-Certificate of attendance
6. All content contained within the event is copyrighted either by LUC or AAOMFR and its capture in any format, use and/or reproduction outside the portal is strictly prohibited without express permission from the content owner(s). Screen capture and sharing is copyright violation and is considered as an offence.
7. Access link will be provided less than 2 hours before the start of the event. All participants are permitted to login using one device at a time only.

CANCELLATION POLICY

1. Cancel ON/BEFORE 10/9/2021, 50% course fee will be refunded. After 10th September 2021, there shall be NO REFUND. Reason of no internet or connectivity issue other than from organiser side will not be accepted.
2. Cancellation policy shall be strictly adhered to, and NO appeal shall be entertained.
3. Refunds are made nett of bank/credit card charges. NO cash refund will be provided.
4. All requests for refunds must be submitted in writing to the organisers' email (drsubaomfr@gmail.com / support@eduoverseasenterprise.com)
5. Please allow up to 21 days for processing of any refunds.

CONTINUING PROFESSIONAL EDUCATION (CPE) NOTICE

1. Local (Malaysia) delegates will be awarded with CPD points (A1 Category) upon MDC approval.
2. International delegates will receive an E-certificate. This can be submitted to their national accrediting body. It is up to the national accrediting body to award points in your country.
3. The organising committee will not be responsible for any discrepancy in the CPD summary.
4. No CPD points will be awarded for Graduate Awaiting Posting (GAP) category and Students Category.

Registration Fees:

Category	Registration Fees	
	Until 10 th September 2021	After 10 th September 2021
Dentist and Dental students residing in Malaysia	RM 400	RM 500
Dentist and dental students – International	US \$ 100	US \$ 125
LUC Students, Alumni & Staff; AAOMFR members from Malaysia	RM 300	RM 500
International AAOMFR members	US \$ 71	US \$ 125

**REPORT OF THE 5TH INTERNATIONAL
CONFERENCE ON HEALTHCARE AND ALLIED
SCIENCES
(ICHAS)**

Organized By: Lincoln University
College, Malaysia

2022

EVENT REPORT

Lincoln University College, Malaysia in collaboration with Visayas State University, Philippines is organizing the 5th International Conference on Healthcare and Allied Sciences. The basic idea behind the conference is to make a platform for the distinguished dignitaries to exchange new ideas and apply hands on experiences to build up new relationships in research. There is also a scope for future collaborations along with global partners. Building up a strong relationship between industry and academia is also among one of the key factors. At the same time, the conference will help to bridge the gap between Biologists, Health officials, Nurses, Medical professionals, Microbiologists, Pharmaceutical Scientists, Physicians and other delegates.

5th International Conference on Healthcare and Allied Sciences

Focal Theme :

Sustainable Healthcare and Healthy Living Supporting UNSDG 3

Date : 26th & 27th October 2022

Lincoln University College, Malaysia in collaboration with Sari Mutiara Indonesia University and STIKes Mitra Husada Medan, Indonesia is organizing the 5th International Conference on Healthcare and Allied Sciences. The basic idea behind the conference is to make a platform for the distinguished dignitaries to exchange new ideas and apply hands on experiences to build up new relationships in research. There is also a scope for future collaborations along with global partners. Building up a strong relationship between industry and academia is also among one of the key factors. At the same time, the conference will help to bridge the gap between Biologists, Health officials, Nurses, Medical professionals, Microbiologists, Pharmaceutical Scientists, Physicians and other delegates.

The main focus of the conference is on the latest and most exciting findings in the following areas:

The main focused areas:

Healthcare
Nursing
Pharmacy
Biotechnology
Biochemistry
Molecular Biology

Environmental Sciences
Water Resources
Food Sciences
Genetic Engineering
Health Economy
Psychology

Physiotherapy,
Sports and Fitness
Biodiversity
Microbiology and
Immunology
and related fields

Call For Papers

- The researchers are invited to submit their abstracts mentioning the mode of presentation (Oral)
- Abstract must be submitted within **15th October, 2022**
- Full article must be submitted within **31st November, 2022** for the Journal publication.

The extended versions of the selected papers presented in the conference will be published (if accepted after review) in Scopus, Ministry of Higher Education, Malaysia and Cross Ref. doi indexed Journal:

The Malaysian Journal of Nursing (ISSN: 2231-7007; e ISSN: 2462-246X)

Ministry of Higher Education, Malaysia and Cross Ref. doi indexed Journals:

Malaysian Journal of Medical Research (eISSN : 2550-1607)

Other Cross Ref doi & Index Copernicus indexed Journal

International Journal of Advancement in Life Sciences Research (eISSN: 2581-4877)

Proceedings book with CrossRef doi and ISBN will be released later

The editor reserves the right to choose the journal as per relevance and subject of the paper.

Please select Journal preferred for publication of your paper
