

### **Veterans' Program at A Stable Learning, LLC**

A Stable Learning, LLC is a for-profit organization dedicated to providing affordable services to the South Texas community. We do not receive funding or support from government agencies, private donors, or nonprofit organizations. As a result, the cost of our services is fully covered through program fees.

These fees help offset the expenses associated with administration, facility use, equipment, and other essential resources, as well as the welfare and care of the animals involved in our interventions.

In many cases, when fees do not fully cover the cost of services, the remaining expenses are absorbed by the Directors and Owners of A Stable Learning, LLC, to continue offering meaningful, accessible support to those we serve.

### ***Our Goal is to provide affordable and effective Equine & Animal-Assisted Interventions that Support Our South Texas Veterans, First Responders & Families***

We are proud to serve those who have served us. Our equine and animal-assisted learning, therapy, and educational programs are designed to support veterans on their journey toward healing, personal growth, and connection.

All services are offered in **weekly one-on-one or group sessions**, twice per week (1 hour each). We believe that meaningful support should be accessible—so we offer sliding scale rates, package discounts, and fee waivers when needed.
