

We start at a minimum of \$1,500 per month, pricing can be discussed once we see the complete picture.

When you receive a quote from Tandy Consulting, the price is all-inclusive, nothing changes unless you decide to change features of the plan.

We are not a traditional accounting firm that you see once per year...

WE ARE PART OF YOUR TEAM!

Onboarding: Our team works hard to get caught up with your existing processes. We look at your past books, conduct a detailed review of your financial statements and chart of accounts to make sure we're all on the same page and getting started on the right foot.

Setup Fee: Due to increased man hours the first few weeks, our published fees are double during each level's respective onboarding period. Typically, 2 weeks depending on the speed and accuracy of your staff.

How does it work?

The relationship works best if we are part of your regular director meeting. We often provide a cash update or set aside time to discuss the company's finances. Joining these regular meetings with your directors also gives us get a good understanding of your company and culture and helps us stay up-to-date on current events.

We are usually available during business hours for questions. If we are paying bills as part of the engagement, we will meet weekly for about 15-30 minutes to go over cash flow for the next 2 to 6 weeks. This is generally conducted with an individual team member, not the entire director team.
