

COLLIDE

PRESS RELEASE

DJ DOBREL

Brace for impact as DJ Dobrel and vocal powerhouse Nadia Desree collide with ruthless force on their new Driving Peak Time Techno juggernaut "Collide." From the first apocalyptic kick drum volley, this is a no-holds-barred exercise in dancefloor domination.

Acid-driven synth stabs detonate like sonic shrapnel, slicing through Desree's ethereal yet bone-chilling vocals.

As waves of distortion-laced riffs and abrasive percussion barrages steadily intensify, "Collide" achieves a sense of relentless momentum akin to a runaway freight train - mercilessly pummeling everything in its path.
