

**CLOSED: July 4th & July 7th-11th**

We're excited to jump into a fun-filled summer of learning, creativity, and play! Below are our monthly themes and a few reminders as we move through the season. We'll be enjoying lots of outdoor time, hands-on projects, and sensory experiences while staying cool and safe. We are so excited to be welcoming a few new friends for our summer program.

#### **Monthly themes-**

**June 2nd-27th:** Art explorers

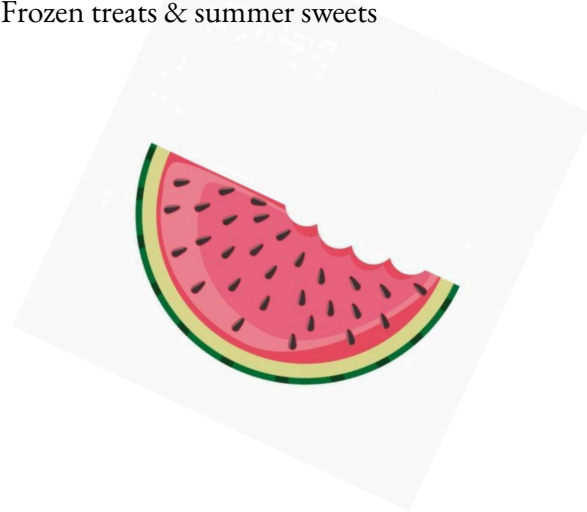

**June 30th-August 1st:** Bugs

**August 4th-15th:** Frozen treats & summer sweets

#### **Water Play(Every other Friday)**

Our water play activities will provide your children with a refreshing way to cool off, while exploring sensory activities with friends. Please pack sunscreen and a change of clothes/towel for your child. Water shoes are recommended. Dates TBA.

#### **Outdoor Exploration**

This summer, we'll be spending plenty of time outdoors enjoying sunshine, fresh air, and nature-based learning! From art projects and bug hunts to water play and sensory bins, outdoor time helps children build gross motor skills and observe the world around them.

**Stay Connected-** We love sharing the joy of your child's adventures with you! For the summer expect to receive updates twice a week(Tuesdays & Fridays) via Brightwheel, don't forget to check-in for photos, and behind-the-scenes glimpses of all the fun happening at daycare. As always, thank you for entrusting us with the care and education of your little ones. We're looking forward to an amazing summer together!
