M / We do not allow interference in our internal affairs in our wounded country, Iraq

To the President of the United Nations  
Mr. Antonio Guterres. Honourable .

Peace, mercy and blessings of God .

We write to you from the country of the founders of the United Nations, the Kingdom of Sweden, and specifically the capital, Stockholm, these words that carry within them the astonishment of the workers and representatives who change in their behavior and actions the sovereignty and sanctity of the United Nations for their interference in the affairs of countries with or without intention.

We do not look at the behavior of the workers or representatives of the United Nations from one side, but look at them in all respects and after knowing the reasons and goals that made them work

We intervene, reveal ambiguous intentions and behaviors, and remedy situations so that there are no adverse differences that exacerbate the presence of the United Nations in the country in whose affairs it has intervened.

(Mr. Guterres) We address you, inform you, and present to you the complaint in the name of the sons of Iraq at home and abroad, and on behalf of the Iraqi parties fighting in Iraq.

On bypassing the United Nations representative in Iraq (Ms. Jeanine Hennis-Plasschaert) for her interference in unthoughtful affairs, and this indicates a lack of work experience and knowledge of the permitted United Nations laws that exist in the host country.

She revealed her weakness and inexperience in dealing with crises and conveying events in a way that is different from the truth, describing the lack of security and safety in Iraq, and she roams in

alleys, markets, and between provinces freely and without worry and fear.

And why are you declaring the elections to be postponed at the present time? Are there recommendations from a party that demands these statements, and does it have the right to these false and confusing words about the internal situation in Iraq

**We read the previous events of the deterioration of the Republic of Portugal**

Political stability and economic growth as well as the decline of Portugal's international standing as a world power during the nineteenth century. After the overthrow of the monarchy in 1910 and now it has become a distinguished country that is considered one of the economically powerful countries that boasts progress and prosperity.

(Mr. Guterres), we present to you the complaint of our wounded country from (Mrs. Jeanine Hennis-Plasschaert), who changed all concepts and revealed their truth to the Iraqi people

Why do you not demand the restoration of electricity and stand with the people in front of the parties that prevent the restoration of electricity? Why do you not demand the restoration of healthy and educational life, the restoration of tourism, reconstruction and economic growth, and why not demand not to interfere in the affairs of our country from the destructive countries that destabilize the situation inside Iraq.

We address you to stop these behaviors and hold the abusers accountable by your representatives who abuse a great entity led by wise and great people, and you are one of

them.

**We are honoured and proud of you under the leadership of the United Nations.**

**We ask you to support Iraq and its people through your letter to us to publish it as you dictate to us and present it to our Iraqi people and bless us in the upcoming elections on 10/10/2021 to be the start of the wheel of life, progress and reconstruction for our wounded country that has suffered from wars and internal conflicts and now after all these wounds and bleeding Blood comes out to us (Mrs. Jeanine Hennis-Plasschaert) with unthoughtful statements that increase division and internal conflicts after uniting the word between us and the political parties and blocs.**

**For this, we can only extend our thanks and respect to you  
Awaiting your response to this book, which will make us  
happy and achieve the common goals that serve Iraq and its  
people.**

**This and Iraq will remain proud of its great men and people**
