TUBULAR

SOLUTIONS

PROUD MEMBERS OF

**SCAFFOLDING
ASSOCIATION**

Tubular Solutions is an Oxfordshire based company founded on the basic principle of offering a safe and cost-effective solution to the regeneration of existing damaged scaffold tube and fitting stock into a viable profit-making asset.

We hate waste, so why buy more, when you can recycle your existing stock to work for you again. We can provide an onsite, safe and reliable national service – straightening and cutting scaffold tube, and repairing and servicing scaffold fittings.

- Make more space in your yard or rack
 - RAMS provided
 - Reduces waste
 - Cost effective solution
 - Industry experienced operatives
