

Walker "MUSIC MAN" Huggins is the 16-year-old son of West and Keri Huggins. West has been one of the NIRA Southwest Region Rodeo premier rodeo announcers, as well as, a pro-rodeo announcer for many years. The Huggins family is from Midland, TX and a huge part of our Rodeo Family!

On Wednesday, January 26th, the Huggins Family's world was rocked with the devastating news that Walker had two brain tumors and the diagnosis of Medulloblastoma (brain cancer). He has had the largest removed with another scheduled for Tuesday, February 8.

In honor of Walker and the Huggins Family, the Odessa College Rodeo Team wants to help support them in this most difficult time as they have a battle ahead that they will need lots of love and courage to fuel them along the way. **Short Round Saturday – February 26 will be dedicated to Walker! We would like to encourage every single contestant, coach and spectator to wear Walker's favorite color - RED and, of course, we will play some of his favorite tunes to cheer on his favorite athletes!!** In addition, we will have donation buckets around the arena for anyone willing to financially assist the family!

Please pass the message along to your student athletes! #NOW4WALKER
