Moorcroft Garden Design

Design Service

From €1,250

Every garden begins with listening. I take the time to understand how you want to use your garden before developing a design that is practical, beautiful and tailored to your home.

Your design includes:

- Initial site visit and design consultation
- Site survey, measurements and photographs
- Client questionnaire
- Concept development and mood board
- Scaled garden masterplan
- Selection of 3D visualisations
- Planting plan with detailed plant schedule
- Materials specification
- Lighting plan
- Design safety documentation
- Plant and features maintenance guide
- Two rounds of revisions

Every design is tailored to the site and presented in a clear, easy-to-follow format, giving you everything you need to confidently create your new garden.

Optional Services

These can be added if required:

- Plant sourcing
- Plant supply
- Setting out on site
- Planting service
