

Treatment Instructions
Lash Lift & Tint

Pre Treatment

If you use waterproof mascara, avoid using it 2-3 days before your appointment. Arrive to your appointment with dry, clean lashes and makeup-free lashes. Remove contact lenses before your appointment.

The great thing about a Lash Lift is that it is a very low maintenance procedure however, there is a little extra care required over the first 24-48hrs.

- Be gentle with your lashes; no rubbing.
- Do not get your lashes wet for the first 24 hrs.
- Do not use harsh products on your eyes/lashes.
- Use of Sauna/Steam is possible after 24hrs but may weaken the effect of the lift.
- No eye make up for 24 hours.
- Avoid waterproof mascara's.
- Swimming should be avoided for at least 24hrs.
- No other facial beauty treatments for 24hrs.

Aftercare

Day 1:

- Do not touch or rub your eyes, eyelashes, or eyebrows immediately after the treatment.
- If redness or irritation occurs apply a cool damp cotton compress to the eye area.
- For the first two hours please avoid any water contact on the lashes or brows
- Try to sleep on your back to avoid pressure on the lashes.
- Avoid using a lash curler or mascara.
- If a tint was performed, avoid using makeup remover as it can strip the tint.

Day 2:

- Avoid hot water or steam on the face or near the eyes, take care when cooking or opening oven doors.

Ongoing:

- Apply an eye safe oil to the lashes about 3 times a week to keep them hydrated.
- Do not rub the eyes
- Avoid direct steam or heat
