

Seniors often suffer from social isolation, inactivity, and a lost sense of purpose, which can lead to physical and cognitive decline, anxiety, and depression. There is a critical need for group activities and programs for seniors that are fun, socially engaging and physically and emotionally stimulating.

Introducing
The Silver Herd

Horses Enriching Retirement Days
Enriching social connections and emotional well-being!

Offered at Lift Me Up’s NEW Equine Wellness Center in Great Falls, Virginia, our goal is to provide meaningful social activity for seniors and the opportunity to connect with new people, enjoy nature in a scenic, rural atmosphere, and interact with horses in a safe and relaxing environment.

Horses have a strongly attuned sense of awareness and can recognize human intentions, emotions, and other energetic projections. Equine assisted activities can help seniors reconnect with memories, improve motor function, and regulate emotions. We are committed to providing an experience that will yield physical, emotional, and cognitive benefits.

Sessions are conducted by PATH certified instructors and are tailored to individual abilities and fitness levels. Here’s a sampling of activities offered by the Silver Spurs program:

Bond with our Herd	Fitness with Horses
Groom, brush, clean & assist in care	Ground-based exercises
Exercise our horses by leading them	Stretching
Prepare food, make horse treats and feed the herd	Yoga
Participate in exercises in herd behaviors	Meditation

<p>Equine Art, Music and Literature</p> <p>Paint using a horse as your canvas</p> <p>Photograph our beautiful herd</p> <p>Read or talk to a horse</p> <p>Group discussions around equine books, poetry, music, and art</p>	<p>Horsin' Around - Fun and Games</p> <p>Roll the Dice Horse Races</p> <p>Horse Bingo</p> <p>Name That Horse</p> <p>Horse Jeopardy</p> <p>H-O-R-S-E Basketball</p> <p>Hold Your Horses Matching Game</p>
