

COLORADO AGRIBUSINESS &
EQUINE SCIENCES ACADEMY

The CAESA program at Hope thru Hooves offers students hands-on learning that will expand their knowledge of Colorado agriculture and equine science/horsemanship, while also developing character skills through equine assisted learning.

Equine Assisted Learning

Experiential equine centered exercises designed to build character skills and improve leadership abilities.

Agriculture Literacy

Students will explore the food, fiber and natural resources produced in Colorado and how they can bring agriculture to their backyard.

Equine Science & Horsemanship

Students will learn equine science and horsemanship basics through both classroom and hands-on activities.
