Dear <<First Name>> ,

February brought a different rhythm to Jacmel. While Carnival filled the streets with colour and energy, our team continued showing up for families — even opening the clinic during the holiday to support mothers in labor. Here’s a look at what February held for the families we serve.

Thank you to **our new supporters** and to **everyone standing with families in Jacmel**. Your support makes prenatal classes like this one pictured possible. We’d still love to hear what connects you to Olive Tree Projects.

[Share your story](#)

Sharing is always optional and entirely up to you.

Our **Family Support Program** removes financial barriers to care by covering children’s health insurance, doctor visits, and essential medicines. Recently, one beneficiary, Giovanni, became seriously ill and needed a 7-day hospital stay — an emergency that used a large share of his annual health support. A gift today will help replenish Giovanni’s care fund and ensure other children in the program can continue receiving the care they need.

MIDWIFERY CENTER UPDATES

“Kay Akouchman”

Birth & Patient Registration Update:

- Babies born in February: **9**
- New patients: **21**

February held both joy and heartbreak at the clinic. During Carnival week, 8 babies were born, and our team continued supporting mothers through family planning care. We also cared for one mother whose baby, born with a severe complication, did not survive despite urgent transfer and every possible effort. We continue to walk alongside her in the postpartum period, ensuring she is supported in her grief and not alone.

Help us grow our circle of support: if you’re part of a church congregation, school, service club, or community group that hosts guest speakers, we’d love to be considered. We can join by Zoom or in person (when possible) and share a brief update from Jacmel. Just hit “Get Involved” below and we’ll follow up.

FAMILY SUPPORT PROGRAM UPDATES

Our Family Support Program continues to support 13 families in Jacmel. This month, our team started a simple new routine to help one family stay on track: we pick up Williams from school at noon each day so his mom can finish her classes until 2 p.m. With safe care in those in-between hours, she can keep moving toward her education goals — and Williams isn’t left waiting alone.

Support Olive Tree Projects in its life-saving work—your donation helps provide essential care and resources that change lives for mothers, children, and families in Haiti.
