

Product Installation Instructions

Replacement Bushing, Lamborghini Gallardo gated manual shift cable

1. Using a cotton swab or small paintbrush, apply lubricant to surfaces of bushing and housing assembly.

2. Thoroughly heat the bushing using a hair dryer (DO NOT USE A HEAT GUN, IT WILL CAUSE EXCESSIVE HEAT AND CAUSE DAMAGE TO THE BUSHING). Immediately install the softened bushing into the bushing housing.

3. Verify proper fitment of the installation.

4. Install heat wrap. Place the cable inside of the wrap. Install zip ties, trim excess, and finish edges.

5. Bushing must be heated when installing cable assembly back onto the shift ball.

FAILURE TO FOLLOW THE ABOVE STEP PREVENTS NECESSARY FLEX AND WILL CAUSE DAMAGE TO BUSHING
