GOD WAS LISTENING!

Imagine what that statement really means. The Creator of the universe, the Savior, the one who repeatedly encourages us to bring ALL of our burdens and concerns and hopes and dreams to Him, invited us to come boldly into His presence and promised to "listen and respond." More than 60 faithful "Prayer Warriors" took an hour from 9:00pm Friday (April 25) thru 9:00pm Saturday (April 26). Can you grasp the power in that? Over 200 separate requests lifted by 60+ prayer warriors in 24hrs. Just wait until we begin to SEE answers.

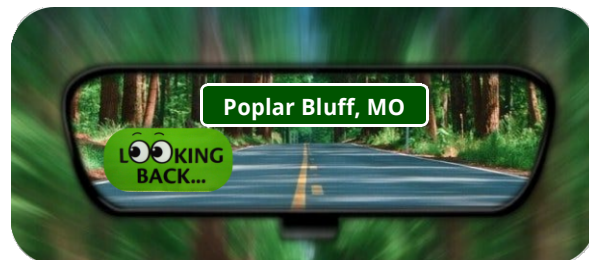

Among the really significant benefits of this time is that people who thought prayer time was intimidating, found it not only possible but delightful. Actually hear in their words:

EK: It far exceeded my expectations. I felt so focused. I felt surrounded by the Spirit of God. The layout kept me in the Spirit. I had no distractions to separate my thoughts from praying.

BK: It was my first experience in a designated prayer time. I love how it was guided, so I was able to stay on track! ... I felt alone with God's presence and know He heard all of it. I can't wait for the next one!

GW: This was the best help for praying I've ever seen. I plan to use it over and over again.

YOU CAN USE THE PRAYER TOOL WHENEVER YOU WISH. GO TO "www.btstorm.life" AND SPEND AN HOUR IN PRAYER.

POPLAR BLUFF, MO

An Amazing Deployment!

One of our largest teams ever (21volunteers) made the 969 mile trip to First Baptist Church, Poplar Bluff, MO. It was unique in so many ways. We worshiped Sunday Morning March 30th at The Belonging Co in Nashville. It was extraordinary in a Great way.

Then just before arrival at First Baptist we were instructed to find shelter due to a "tornado warning." The team studied about what it meant to be "Team Privileged" then spent the days being used by God to

transform the lives of homeowners. Watching "hope" arise in the hearts of six hurting families is an indescribable experience. Then there were the people that changed us. Kevin from Kevin's Tire in Poplar Bluff made our flat tire on the bus a "God Sighting," and Jeff at SpeedCo made spending hours without A/C on the bus a blessing. Serving with Heath & Bethany of Rapid Ministries and hearing their testimony of "full surrender" to the service of our King, changed us. It WAS an amazing & blessed trip. Thanks for praying for us.

MAY 3rd was "Launch Day" on the project. 35 Volunteers gather for a time of "Thanksgiving and Expressions of Gratitude" at 9:00am then we went to work. God did some truly AMAZING things through these amazing volunteers.

Watch for updates throughout the Summer as we now push toward the finish line. There will be continual calls for volunteers as we finish the "demo" and then begin rebuilding. If

you currently are not receiving text alerts for these work days and would like to be included text Leslie (our Ministry Assistant) @ 727-709-1754.

Over the course of the project we will also highlight some special "Contractors" God has connected to our project and without whom we could not make this happen. We begin with Jim & Jason Enguita. These two special guys and their families own **ENGUITA CONSTRUCTION CO.** and they have graciously stepped up to be our General Contractor. **THANK YOU Enguita Construction.** We pray God's favor and blessing upon you.

2nd Annual ANOTHER FAMILY FUN BTS EVENT

Last year's "First Ever BTS Memorial Day Picnic" was SO much fun, we just couldn't wait to do it again. Obviously we had to wait, since a Memorial Day Picnic can only happen once a year, BUT IT'S THAT TIME AGAIN. YES, we know some of you live in "far away" places, some of you have family commitments, some of you don't do picnics, some have health issues, and maybe some other complications, but this is gonna be so special that no matter where you are, it's not TOO far to make this a priority. SO bring your family and Let's do it!!!

VOLUNTEER
SPOTLIGHT

It is hard to explain my devotion to Beyond The Storm. I started deploying when I was a kid in my 70's. I am now nearly 87 and have been on 8

deployments. It is often hard, dirty work but the wonderful feeling of watching the faces of sad homeowners turn to smiles as they see their homes returned from chaos to order is so worth the effort. I urge any and all of you who can, to join us for this heartwarming and uplifting experience of a lifetime! If I can do it, you can too!
