

3. Safer, Cleaner Communities

- Boost Community Policing Support: Work with Police and Crime Commissioners to fund more PCSOs and visible patrols using local budgets.
 - Zero Tolerance on Anti-Social Behaviour: Immediate enforcement on fly-tipping, graffiti, and street crime.
 - Keep It Clean: Invest in street cleaning, CCTV in hotspots, and local volunteer support for parks and community areas.
-

4. Cut Bureaucracy – Empower People

- Slash Wasteful Management Layers: Restructure bloated council departments. Prioritise frontline workers over management consultants.
 - Empower Local Parishes and Town Councils: Push powers down to the most local level to run parks, markets, and local events more efficiently.
 - Digitise and Simplify Services: Create a “one-click” online system for all council services – from pothole reporting to planning comments.
-

5. Localism That Works

- Stop the Overdevelopment Madness: Scrap top-down housing targets. Give councils the final say on what is built and where.
 - Protect Green Spaces: Champion local control over parks, AONBs, and green belts.
 - Support Local Business and High Streets: Cut business rates for small firms. Revive town centres with free short-stay parking and market incentives.
-

Reform UK's Local Promise

We believe local government must be **lean, accountable, and serve the people – not itself**. Electing Reform UK councillors means:

- No-nonsense service delivery
- Taxpayer value every time
- Your voice heard and acted on

It's time for local government that works. It's time for Reform.
