

# Hexar Vision & B4C Flexible Rifle Armor

Hexar is a flexible rifle rated armor that molds to your body for excellent comfort. No more edges sticking out, or hard armor outlines that undermine concealability. The ownership of Stealth Armor Systems wrote the book on flexible rifle rated armor and has decades more experience than the any other competitor. Hexar Vision is made in America from quality materials featuring USA made UDPE, which offers good performance at a great price!

We make two versions, one in Alumina Oxide and the other in Boron Carbide. Our patent gives us the edge in performance, as the smaller tiles allow for greater repeat hit and close quarter shot capability over hard plates and other imitations of our Hexar flexible rifle armor. For comfort and reliability Hexar Flexible Rifle Armor System (HFRAS) is the Best

TRUE FLEXIBLE RIFLE DEFEATING ARMOR

Hexar Stand Alone Rifle plates have demonstrated at NTS Labs to defeat the following rounds:

.30-06 (.30 Cal FMJ 150 Gr.) @ 2950 +/- 30 f/s  
 M-80 Ball (.308 FMJ 147 Gr. @ 2780 +/- 30 f/s)  
 M43 (7.62 x 39 FMJ 123 Gr. @ 2450 +/- 30 f/s)  
 (Steel Core)

M67 (7.62 x 39 FMJ 123 Gr. @ 2350 - 2400 f/s)

M855A1 (5.56 x 45 62Gr. @ 3150 f/s)  
 (Steel Core)

M855 (5.56 x 45 Green Tip) @ 3150 +/- 30 f/s  
 (Steel Tip)

M193 (5.56 FMJ Lead Core) @ 3250 +/- 30 f/s)
