

STRATEGIC

ALL-SOURCE INTELLIGENCE

www.sasintel.com

SAS Intel is a veteran-owned cyber and risk intelligence firm that equips executives, enterprises, and brands with critical information in an unpredictable world. We specialize in protecting reputations, reducing digital exposure, and delivering intelligence that leaders can act on.

CORE COMPETENCIES

DIGITAL FOOTPRINT AND EXPOSURE MONITORING

Continuous monitoring of executives, brands, and entities across surface, social, and fringe platforms.

VETTING & INTEGRITY INTELLIGENCE

Deep-dive background intelligence on people and organizations, from executive hires to NIL athletes to M&A targets.

THREAT REPUTATION & MONITORING

Always-on watch for negative chatter, harassment, insider risks, and hostile sentiment online.

CYBER READINESS & INCIDENT SUPPORT

Pre-crisis playbooks + intelligence-driven support when reputational or cyber fires break out.

SECURITY CONTROL ASSESSMENTS & COMPLIANCE READINESS

Intelligence-led Security Control Assessments (SCAs) that expose blind spots, validate resilience, and strengthen trust.

STRATEGIC ADVISORY

Fractional Chief Strategic Intelligence Officer services: quarterly briefings, annual crown-jewel audits, and bespoke intelligence for boards and C-Suites.

PAST PERFORMANCE

- **Cybersecurity Program Leadership:** Managed multi-million-dollar cybersecurity programs for higher education and enterprise clients, leading teams of 24+ and ensuring compliance with NIST, ISO, and GLBA.
- **Supply Chain Risk for Global Enterprises:** Conducted comprehensive SCRM assessments, developed approved vendor/product lists, and delivered enterprise-wide cybersecurity training.
- **Executive Threat Briefings:** Provided 300+ threat and risk assessments for C-suite and board-level decision-makers, supporting M&A, market entry, and crisis management.
- **Geopolitical & Reputational Risk Analysis:** Directed all-source intelligence and OSINT operations to protect critical infrastructure, global supply chains, and corporate reputation.
