PLUMBEEES BATHWARE | QUALITY MEETS ELEGANCE

About PLUMBEEES

At PLUMBEEES, we believe a bathroom is more than just a space — it is an experience. Our bathware collection is thoughtfully designed with precision engineering, premium materials, and modern aesthetics to deliver unmatched comfort, durability, and elegance. Every product reflects our commitment to superior quality, flawless finishing, and long-lasting performance, helping you transform everyday routines into moments of luxury.

Our Vision

To be a globally trusted bathware brand, known for innovation, quality and timeless design, enriching lives through better bathroom experiences.

Our Mission

To deliver high-quality, stylish and durable bathware solutions that enhance comfort, convenience and elegance in every space.

Our Values

Quality

We never compromise on quality.

Innovation

We bring modern solutions to everyday living.

Trust

We build lasting relationships with our customers.

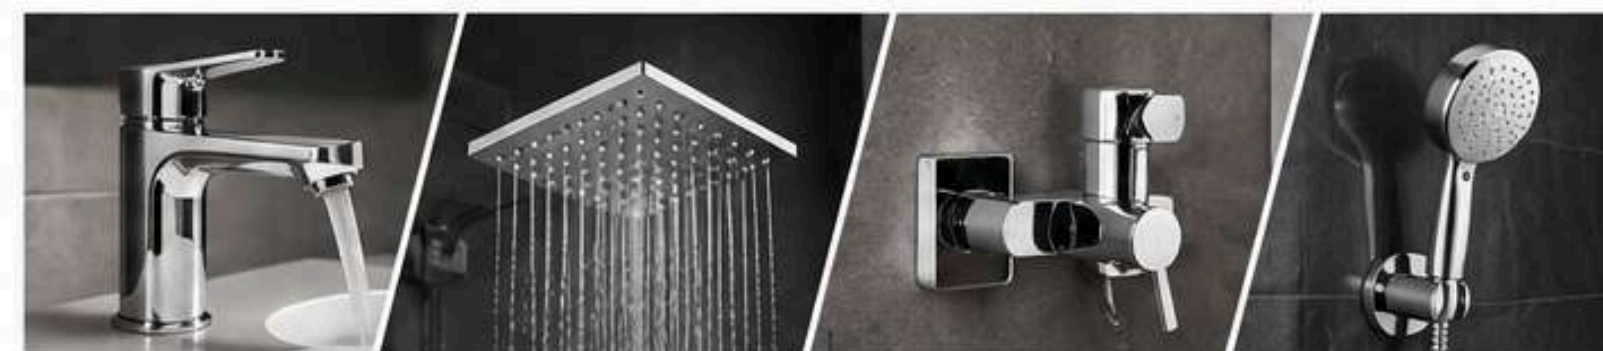

Sustainability

We care for a better tomorrow.

Customer First

Your satisfaction is our priority.

TECHNICAL EXCELLENCE & PROJECT COMPLIANCE - Engineering Lifelong Flow for High-Rise & Township Projects

Why Real Estate Developers & Builders Trust Plumbees?

- ✓ **Cost Optimization:** We help developers optimize project plumbing budgets by **up to 25%** without compromising on aesthetics or quality.
- ✓ **100% Hydro-Tested:** Every single tap, shower, and valve is tested at 7 Bar pressure before dispatch to ensure 0% leakage at the project site.
- ✓ **Saline Water Resistant:** Specially engineered to withstand hard and saline water conditions, preventing rust and scaling in coastal environments.
- ✓ **Green Building Support:** Equipped with Eco-Foam Aerators that save up to 40% water, helping projects qualify for LEED / IGBC Green Building Certifications.

Core Technical Specifications

Parameters	Plumbees Standard	Developers Benefit
Material Composition	High-Grade Virgin Brass (Cu > 58%) & Premium Engineering Polymer	Maximum durability, lead-free, and rust-proof life.
Plating Quality	Multi-Layer Chrome Plating (Nickel: 10µm Chrome: 0.3µm)	Mirror-like everlasting shine, scratch and corrosion resistant.
Cartridge Performance	High-Quality Ceramic Discs (Tested for 5,00,000+ Cycles)	Smooth operation with zero maintenance complaints from flat buyers.
Working Pressure	Operates smoothly from 0.5 Bar up to 6.0 Bar	Perfect for high-rise residential towers with hydro-pneumatic pumps.

Commercial Commitments & Support

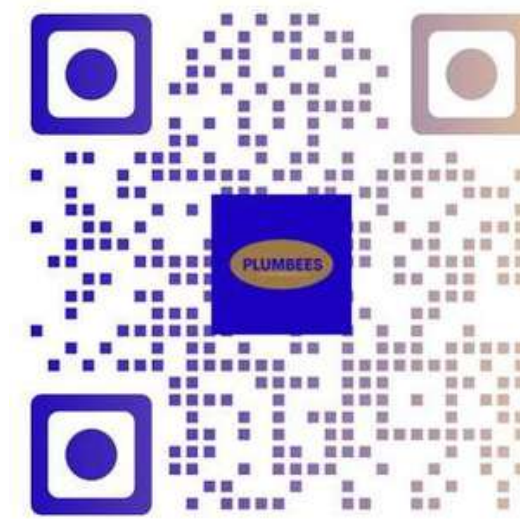

- ✓ **Assured Warranty:** 3 Years Warranty on CP Brass Fittings and 3 Years Warranty on PTMT / ABS products.
- ✓ **On-Site B2B Support:** Dedicated technical service support within 48 hours for immediate project maintenance.
- ✓ **Compliance Ready:** ISO 9001:2015 Certified and MSME Registered Enterprise ensuring smooth corporate billing.
