ANNUAL REPORT 2025

Mission Impact

In session and out, this program benefited our child. We saw his joy each day that he would come to Starlight, and the smile that never left his face while we were there. At home, we saw him become more comfortable with physical contact from others.

EFL Parent

The therapy that Starlight provides my son is beneficial because, for an hour a week, he's calm, comfortable and safe. You wouldn't know he has a disability when he's riding "his horse" at Starlight.
