

Dear Neighbour,

Kamloops is more than a place on a map. It is where neighbours become friends, summer evenings feel like Riverside Park, and every season brings something worth showing up for.

I created this guide to make local life easier to enjoy. Inside, you will find markets, music, family events, sports, festivals, and community gatherings across Kamloops.

As a local real estate professional, I believe knowing a city well means more than knowing streets and prices. It means understanding the neighbourhoods, the parks, the people, and the everyday places that make a home feel right.

"When you are ready to make a move in Kamloops, I would be honoured to help you do it well."

Enjoy the guide. Mark the events you are excited about. Share it with a neighbour. And when a conversation about buying or selling feels right, you will know where to find me.
