

## Coach Paul Eyanson Scholarship

In memory and in honor of one of Pennsylvania's longest-serving pole vault coaches, Paul Eyanson, his family and friends have carried on his amazing legacy in the track and field community by funding a scholarship in his name and spirit. Coach Eyanson's energy and enthusiasm for his athletes and this sport were unmatched, he has brightened the path of 100's of athletes during his career and continues to do so even now. His grandchildren are carrying on his track and field legacy: one is currently a Junior Malvern prep as a pole vaulter and the other a freshman Decathlete at the University of Tennessee. Paul's mission was to help every pole vaulter to reach their potential, and he does this now by providing training and camp opportunities for deserving athletes that need a little help with the cost of training.
